Dedication

IN respect for his ability and knowledge as a teacher, and in appreciation of his sympathetic understanding and the many hours spent carefully piloting us through the editing of our annual, we, the Class of 1937, dedicate this Otaknam to Mr. Oiseth, our adviser.

"May all Thy Fame and Glory Ne'er Decline"

"Veiled in a Mist of Memories Thou Art"

Forward

SKYWARD HO! Aviation is a young industry calling for vision, courage, and sturdy character. It has grown into a profession wherein the finest of men find an outlet for enthusiasm and fortitude, and where the reward for work well done is high indeed. In school, as in the art of flying, there is an atmosphere of adventure and striving for reward; there is an opportunity to show leadership and valor. For these reasons, we have chosen for this Otaknam a theme of aviation.

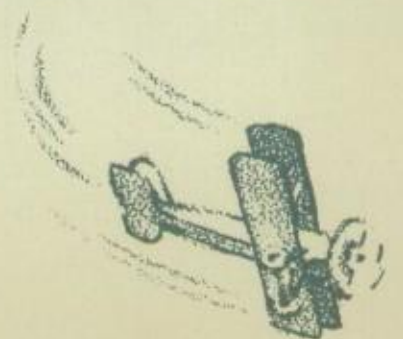

CONTACT! The student, or air cadet, piloting his own ship, begins his journey through high school. Beacons pierce the darkness to steer him through fog and night to a safe landing. These beams are representative of the administration. After having learned to man his craft, the pilot turns his attention to formations and different activities, maneuvers requiring added skill and time. Power behind the plane—character, skill, and stamina—represents the athletic section of this book. Happy Landings is symbolic of fun and parties, as portrayed in the feature section.

IT is our aim that this book preserve for the senior many pleasant memories of his flight through Mankato High School during three short, busy, happy years.

Dear Colleague,

Resolved. That Frank Dixon is the best debater, smartest, and the swellest fellow in High School! But gee - we can't find anyone to take the negative.

I've had so much fun working with you - for awhile we thought we were ~~really~~ taking a beating but we came through somehow!

I'll never forget the thrill of winning the Regional, and I've so much to thank you for!

I've learned so much about debate speaking, plans, and also losing as well as winning - and you've been the Beacon all through. Debate won't seem the same without the fun, heckling, and not to forget the many arguments! Best of luck to the swellest colleague

Dear Frankish,

Before I forget to remember, thanks for all the swell rides home. (You big cheese!) Remember the old sea scout camp and the 2 foremost gold-brickers, we sure had fun. Seeing how you've turned big time since then, I don't know whether I should recall all those times with a chump like me, but its been done now, and I apologise. (L.A.S.T.)

You really crapped up the wars in debate, understanding your predicament I sympathize with you and say, quote: "You're O'kay Frank!" end of quote. Yourself being rated close to genius you ought to be able to decipher this in half an hour, of course, if you try hard.

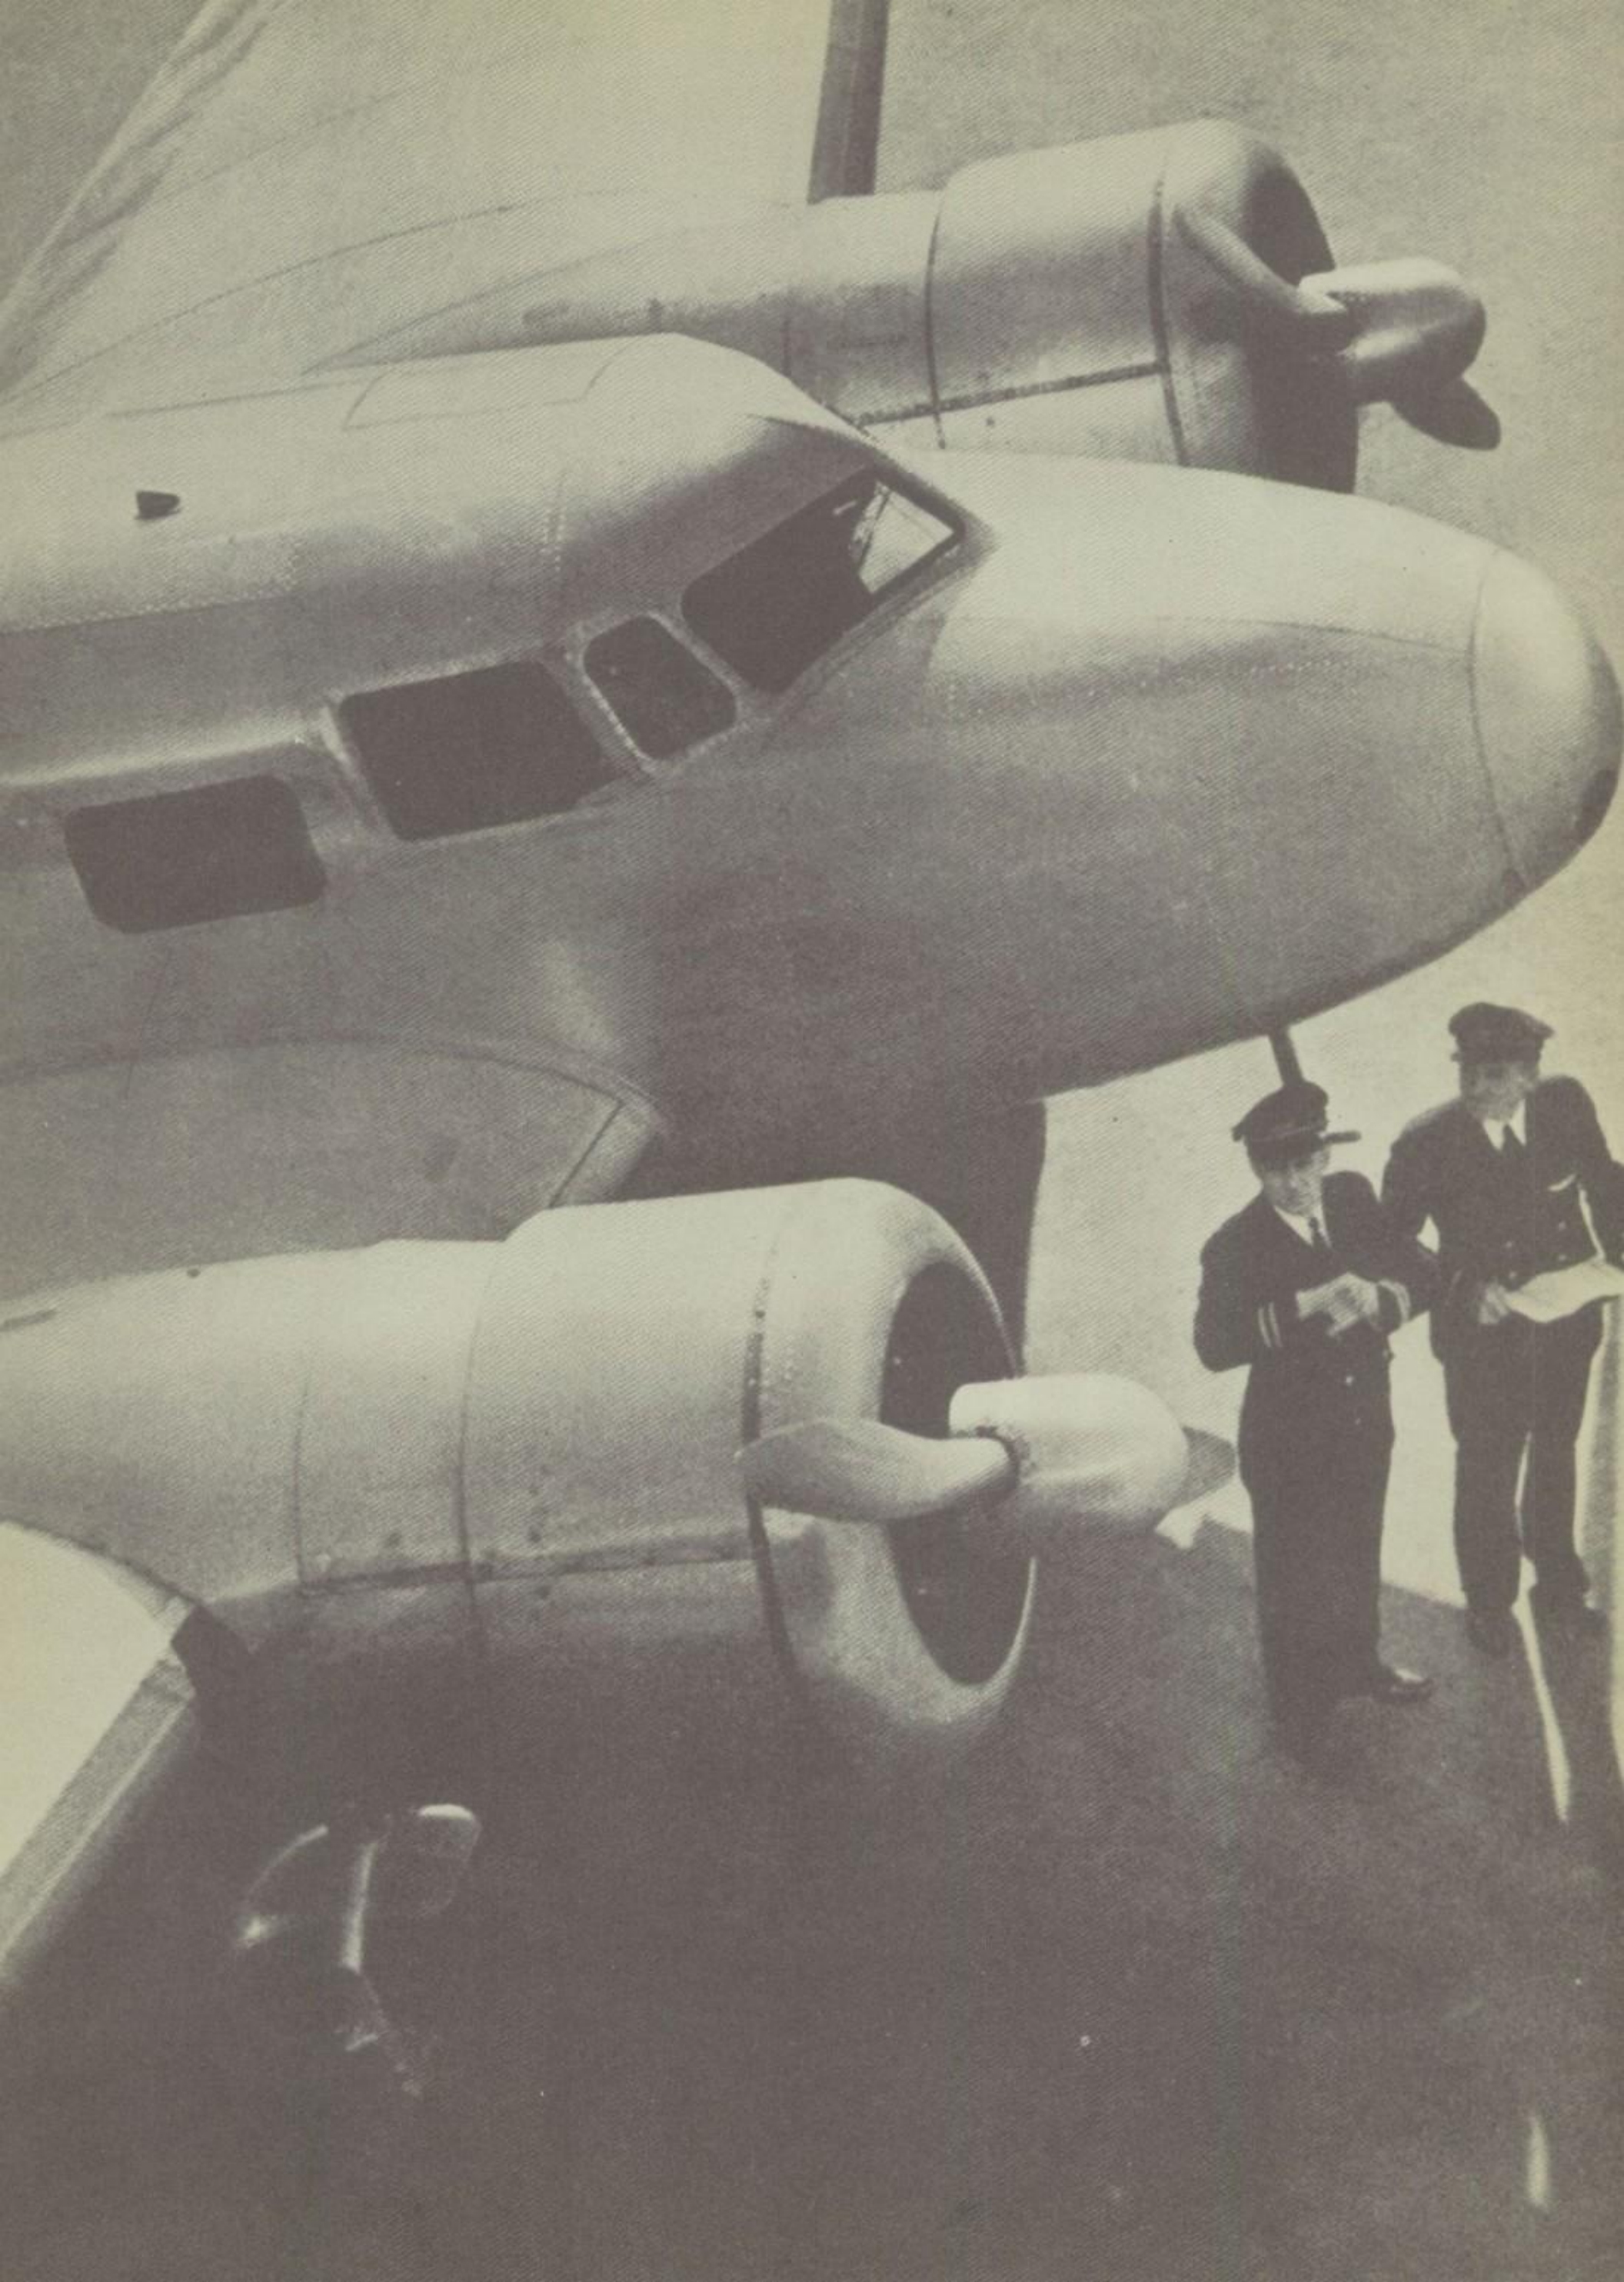

What I saw of your play was okay and congratulations! (whee) I was only there 5 minutes but my absence wasn't due to you.

Here's wishing a swell senior a swell future etc:

Palsy

I have 2, where,
Well kid we haven't been seeing
very much of each other lately
but I guess you know as well as
I do how this married life is.

Oh well we have enough good
times to remember and I am sure we have got
plenty more coming up.

Remember Pi camp the last couple of
years here I have to miss out this year but
you'll be in there plenty good (try to keep your
voice)

Yea, and the swell dates we used to
have no more of those any more just the
same men (well I guess its better),

Well even though I didn't hang in
there very tough in Debate it was sure fun
which I did and I can say I really enjoyed
it and I guess I will always regret that
I didn't hang in there tough like.

Oh boy I nearly forgot the two
best Electioneers and squirrel hunters
in the State of Minn. say we haven't been
squirrel hunting for along time. And as
far as electioneering goes there is no
doubt that we are the tops even though little
kiss" don't think so. Oh heck I could go on
for ever.

Well I rank I surely want to wish
you all the luck in the world and sure hope
that some day you will take out my (sonnet)
I will always remember a real friend in
time of need and I think that you are as sweet
of a pal ever a guy could have and do hope
you'll always stay close enough that we can
continue a swell friendship. Hang in there
tough with me but don't get too well acquainted
pal.

Class Sponsor

MARJORIE MACDOUGALL

The Class of 1937 boasts a set of officers who are leaders both in scholarship and extra-curricular activities. John Neitge has set an enviable record in holding the class presidency for three consecutive years. Jack Charlton proved a capable business manager for the press convention and Otak-

nam. Peggy Mickelson and Raymond Jorgensen, besides holding top ranking positions on the High News, stand second and third respectively in scholarship. Our sponsor, Miss MacDougall, has done much to help us by supervising our many activities. To her we extend sincere thanks and appreciation.

To meet growing demands for cultural development and for higher education in business, the Adult Education department now offers adults the opportunity to gain a high school education through work done in night classes. This year approximately seventy-five students attended. Each year a wider variety of subjects is being offered as wants increase. Mrs. Trafton, director, is to be commended for her capability in maintaining the department.

Domination

Dear "Pop" Diton,

Well, ole fellow, I'm sorry I'm not going to Harvard so I could get an accent too. After that German accent you showed in the play you should have got 100 in that German test. You sure were good in the play - ja, ja, dot war gut. I've certainly enjoyed playing tennis with you all those times. Well, good luck in your college work whether you go to Harvard or not.

Ray Jorgensen

Dear Frank.

After all these years - it isn't the right time for annuals - stuff but that picture is worth it - really. Anyway - please forget all those weeks ends with one night invaluable 'cause I can think of several other better ones. They were lots of fun, though, and the school-party we hooked me into. Now if you come down next winter I'll probably manage to get you into one as long as this already leaves me! In about 3 yrs. when we cruise over Europe on our "machines" we'll forget all "rotting", Ontario's, and certain friends who give wrong advice on who we should go out with - mostly who you shouldn't. We best ignore such "prattle". We always had fun with you, Frank, ^{whether} ~~whether~~ swimming, shows, or dances, and also just talking - our little discussions on things in general and if I don't say much you just go right ahead. I guess I get sort of quiet at times, but you can go on perpetually and I like it.

It's getting near the bottom - perhaps I haven't said much but I hope it sinks in 'cause I really mean it and much more - see? It's been loads of fun and in years to come and you are a big-time Doc. & Dr. a "Champion out of the Slums" I hope you won't forget me. I'm always wishing you all you want in everything through life. Your H. S. career was swell & I only hope you have as much success in college & after. Perhaps we can get together in Politics sometime - & keep preaching on your philosophy (sp.?) 'cause it's best! So there's to all you want and love to hear from me.

"LEFT ROW O, SEAT 7—Let's see now, where would that be?" wonders each new member of National Honor Society. A tap ceremony is used whereby seniors are formally notified of their election into the group.

Membership into this group is the highest honor a senior can attain. They are chosen on a basis of scholarship, leadership, character, and service, and must be in the upper one-third of their class scholastically. They are selected by a faculty committee. A banquet follows the formal initiation of the members after which each one is entitled to wear the society's pin. The local chapter was the seventy-second to be organized.

STUDENT COUNCIL-
ors are the students' Supreme Court. Justice Pat Conlin presides at the

meetings of home room representatives who compose the Council. The purpose of the group being to create a better understanding between the students and faculty, the organization lays down decisions on the constitutionality of clubs. They also pass judgment on such problems as "hobo" days, and other student events on the year's calendar.

Special activities of the club this year were sponsoring a "hard time" dance, selecting possible emblems for the school, attempts to stress school courtesy, sponsoring a rag-a-muffin day, and the seating arrangement in assembly. Mr. Bengston was selected as their club sponsor

ONLY OUTSTANDING juniors and seniors in newspaper work are admitted to Quill and Scroll. Membership in this organization is the highest honor that a young journalist may attain during his high school career.

The David Lawrence chapter of this international society sponsored the Minnesota High School Press convention here, November 20 and 21. The largest crowd in years listened to the address of Thurman "Dusty" Miller of Washington, Ohio. Virginia Hoffstrom and her father, writer of "Hawf and Hawf," entertained at the convention banquet. Under the auspices of this club, a city-wide journalism banquet is given once every spring.

A state winner.

THE CUFF BUTTON!
Where is it? We don't know, but the humorous reading, "The Wedding,"

by Barbara Kesson, went to the state and received second place in the finals. Lee French, with his oration, "Homeless America," and Jean Odlaug, with her dramatic selection, "The Burgomaster," won the local and sub-district contests, but Barbara carried hers on to the finals.

In the local rounds, Barbara defeated Helen Lidstrom, while Lee French victored over James Brown; and Jean Odlaug, over Barbara Dailey. All contestants entered the Forensic league contest at Minneapolis. Other students participating in the contest were Frank Dixon, Eugene Benson, Barbara Dailey, Douglas Jensen, Helen Lidstrom, and James Brown.

DEMONSTRATION debates—a new debate policy—were tried here this year. Sioux Falls-Roosevelt-Mankato schools took part in a triangular debate. The P. T. A. saw a bout between two teams, each made up of three members, that evening. With two teams combating at once, our debaters, Frank Dixon, Barbara Dailey, Stanley Brooks, and Bob Gill, practiced with students from eight other schools. This year the debaters met in three fields of competition: Northwest Activities tourney at Gustavus Adolphus where Stan and Bob received medals for reaching the semi-finals, state league bout where Barbara and Frank won the championship for this region, and placed third at National Forensic League meet at Minneapolis.

his opinion. His extemporaneous speaking on that subject at the Forensic league meet won second place in the finals. Eugene Benson also participated in the extemporaneous division. The oratorical section was represented at the contest by James Brown and Lee French; the dramatic, by Jean Odlaug. Our talents were well represented there, as Mankato High's contestants reached the finals in three divisions, extemporaneous speaking, debate, and humorous declamation. A feature of much interest in the league this year was the adding of a new division—that of poetry reading. Helen Lidstrom, entering this department, did not reach the finals, but she was complimented very highly. Barbara Dailey and Frank Dixon, composing our debate team, managed to reach the finals, where they were defeated by the West high school team. Barbara Kesson, the second-place winner in the state declamatory contest, placed fifth in the Forensic humor section with her reading, "The Wedding." The contest this year was held at the Roosevelt high school in Minneapolis, Thursday and Friday, March 18 and 19.

Dramatization in the gay '90's."

Can this be acting?

The Scene Changes

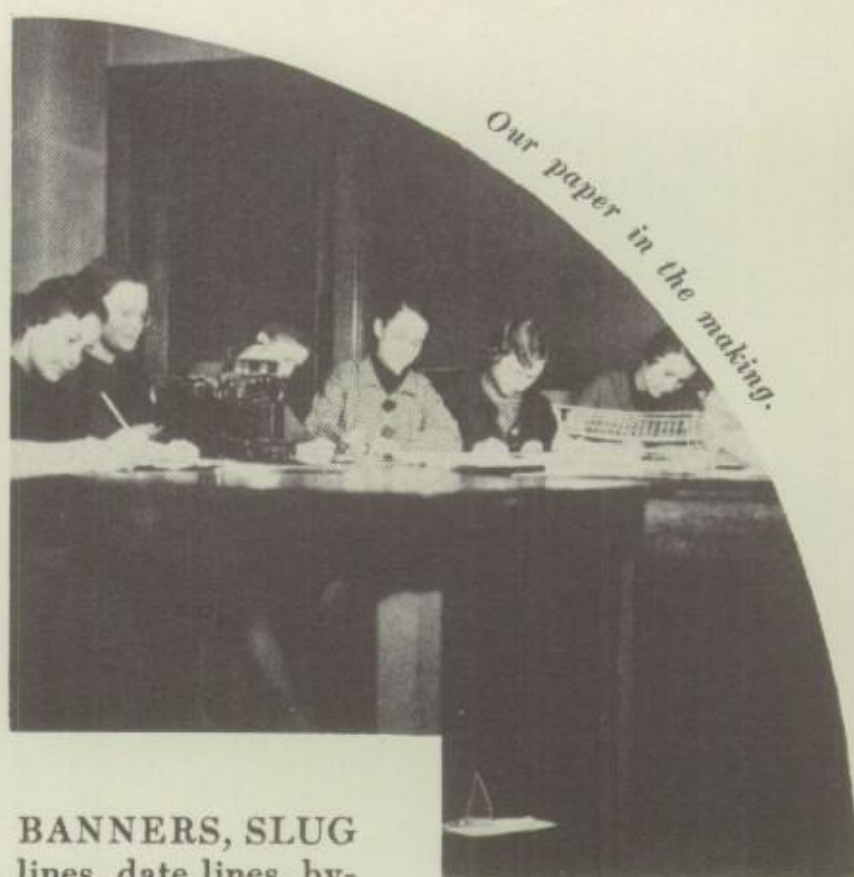

"OH, BUT DON'T you see, Professor Appleton, you're a man. And we—my sisters and I—we're women." Dotty Eberhart, as Susan, was trying to explain to Ray Jorgensen that he must change his residence. This took place in the one-act play, "Susan Sees It Through," one of the four assembly programs presented by the Drama club. These student entertainments are in the form of one-act plays and readings, and are one of the features of their meetings.

To become a member of this organization, one must have sufficient training to possess a good degree of acting or speaking ability. It is the aim to have each member participate in at least one public performance a year. Some of the plays seen were "Sham," "The Book Agent," and "Professor Black." The club pays the entrance fees of Forensic League members in the national tournament. According to Miss Mehlhouse, this year's Drama club maintained the highest standards since she has been its sponsor.

should not be too literally interpreted. These "dummies" in this work are preliminary sketches of each page in the book. The office also had an abundance of snapshots, stories, typewriters, and camera equipment. Sheets of "doodling" proved only too convincingly that long hours were spent there merely in thought and planning, but the staff made a three-point landing after their painstaking attempts.

Phyllis Eberlein and Dorothy Hanson planned the theme of this book. Jean Wilcox and Susan Fowler outlined the features, and Bette Ross and Marjorie Meyer, the senior section. Arranging and scheming of the club division was done by Dorothy Klitzke and Gwyneth Brown, while Guy Flanagan and Dorothy Jean Hanson assumed the duties of the sports editors. Jack Charlton supervised the business angle with Billy Darsow taking pictures. Paul Radichel, and Bessie Brooks also helped with work on the yearbook.

SPLASH!
"Taxi! Taxi!" . . . It
 really was rainy on

December 28, but what did that matter? For this year the members of Pi Delta Rho sponsored the most profitable annual dance ever given by the organization in the North Mankato Municipal ballroom.

A new project, that of honoring famed alumni, has been developed this year by Pi Delta Rho. Members have been making collections of former students' pictures and their pieces of work. The purpose of the club being to improve character, the organization helps needy girls through cooperation with the personnel department. Other charitable projects of the group this year were the furnishing of several activity tickets to less fortunate students, and the giving of baskets during Thanksgiving and Christmas.

The club's annual summer camp is held at Lake Madison in June. And do the girls have fun? Ask them!

Hi-Y Sends Group To Albert Lea Meet

Hi-Y club sent a large delegation of boys to the state convention at Albert Lea, November 13 and 14. Rich Anderson and Bruce Bell of the Y. M. C. A. accompanied the group. Wilbur A. is president of the Hi-Y.

INITIATED TO
develop all the boys
socially, physically.

educationally, religiously, and morally, the Hi-Y
is an active organization. The club's projects

are many and varied. This year the members planned and sponsored a toboggan party and two "splash" parties at the Gustavus Adolphus pool. For the children of the city the group sponsored a campfire at Christmas and a Hallowe'en party. Ten boys were sent to Albert Lea as representatives to the Older Boys' conference last fall. Boy speakers from the Minneapolis Y. M. C. A. gave talks to the group.

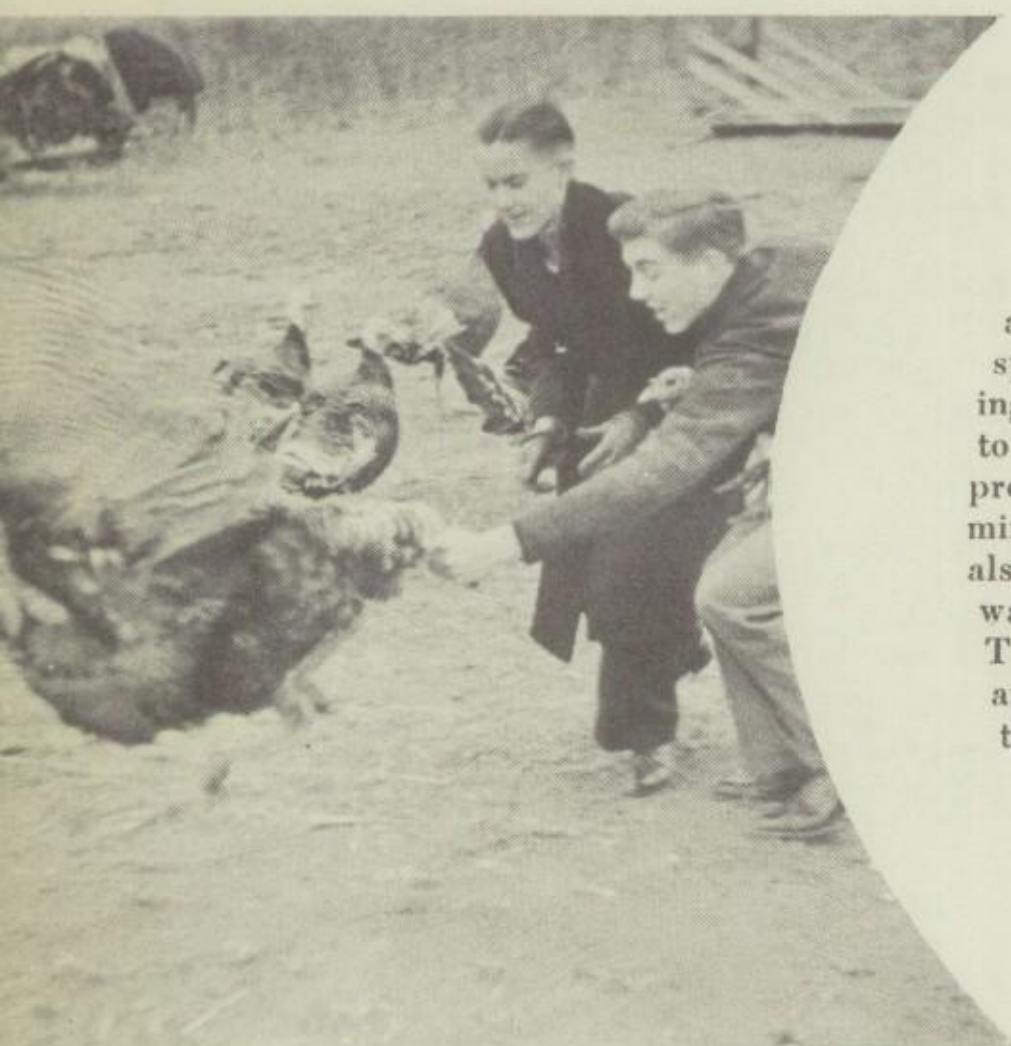

This spring two speakers discussed boy and girl relations. The boys also entertained their parents at Mothers' Day and Fathers' Day banquets this year. Wilbur Everett, president, and Reynold Anderson, physical director of the local Y. M. C. A. and the boys' sponsor, capably managed the club throughout the year. Credit is given to this boy organization for the progress and advancement which they achieved.

For a Thanksgiving basket.

To study the civic activity of our United States government is the principal purpose of Boys' Civic club. For this reason, at the monthly meetings an outside speaker is always invited to talk on some phase of government and its workings. It was Boys' Civic club which sponsored the Christmas assembly this year. Following the usual custom, students brought gifts to be given to the Salvation Army for distribution. The assembly program consisted of songs by the Girls' Glee club and mixed chorus, directed by Miss Klein. The student body also participated in carol singing. A basket for the needy was also given away by these boys at Thanksgiving. Their primary functions being quite similar, the Boys' and Girls' Civic clubs often have joint meetings during the year. The success of the club is due to the able direction of its president, Carl Brell. The progress and expansion of Boys' Civic club this year is due to its sponsor, Mr. Iverslie, who is the instructor in Economics, Sociology, and American Government in Senior High.

"Here's a great big one! Wouldn't he look handsome in our basket?" . . . Members of Girls' Civic club were busy chasing turkeys to put in their Thanksgiving baskets. After a week of formal and informal initiations and a banquet at the Burton Hotel, the group began their year's program of studying patriotism, travel, health, music and Christmas. A comparison of the United States with Sweden was made by Judge Harry Johnson at a joint meeting of the Boys' and Girls' Civic clubs. Mrs. Selby, Mr. Mason, and other speakers also gave interesting addresses. Through their current studying and reports, the girls have acquainted themselves with the government and present-day problems and events. The Supreme Court was the basis of an informal discussion by the group in March. Louise Ross and Elaine Moline presented the two sides of the question as to whether or not the membership of the court should be changed. Miss Erickson, sponsor of this organization, continued her capable direction and instruction during the school year.

PARLEZ-VOUS FRANCAIS? Members of Le Cercle Francais do, for their business meetings are conducted in that language. This year the club had on their program puppet shows of the Basque country and also a moving picture presenting Paris, France.

The group studies France by provinces this year as their project, thus learning the activities and customs, pleasures and occupations of the various peoples. The members learned many French songs and carols sung at each meeting with the cooperation of the music committee, a new function in the club.

The success of this year's program is due to the cooperation of the president, Bette Ross, Miss MacMartin, adviser, and the program committee consisting of Dorothy Klitzke, Barbara Kesson, and Janice Lehman. The organization began the year with a new and revised constitution, allowing the membership to consist of only those who have an A or B average throughout their French training course.

With everyone out of tune but Johnny—and Johnny gone—the German band furnished viele deutsche lieder (many German songs) at the monthly meetings of the club. Programs consisted this year of music, readings, reports, speeches, and folk songs. Their particular project this year was the study of German authors of classics and composers of music.

Correspondence with German boys and girls acquaints the club with the customs, country, and language of the German people. At least twenty members do active and regular correspondence. With seventy-five members, this group was larger than ever in its past history. Credit for the club's success must be given to its capable sponsor, Miss Klampe,

MEMBERS OF KAMERA KLUB "click" together in order to learn amateur photography and to develop negatives in their own dark room. Such is the purpose of this newly organized club. Funds to equip their dark room were obtained from selling refreshments at school parties. This organization also contributed snapshots for the various sections of this yearbook.

Camera experts and photographers have helped these young amateurs by their demonstrations and talks on the art of picture-taking. Requirements for membership are a camera in good working condition and taking of a designated number of pictures for each monthly meeting.

CREATIVE WRITERS are the school scribblers. . . . Two years ago, enthusiastic literary pupils organized this club to develop improvement and stimulate an interest in creative writing. Exclusive membership not to exceed twenty, enrollment increased to nineteen this year.

Essays, poems, short stories, and dramas—everything that could be termed as writing, was submitted at each bi-weekly meeting. At every gathering, one of the members discusses a phase of creative writing. Dophrone Hughes, of this club, wrote the safety continuity of this school which was broadcasted over Station WCCO April 3. Miss McMartin is sponsor.

IT TAKES CRUST—to make a pie. Members of Home Economics club could verify that. Their group, organized for useful as well as social purposes, had a membership of about thirty-five. Some of the projects of this organization this year were giving a mothers' tea and a trip to the Twin Cities when the University of Minnesota sponsored Home Economics day.

At meetings held the first Monday of each month, the girls were entertained by an outside speaker, and followed their business discussions with teas. Members held candy sales at games. In the spring, the girls, fully equipped with the necessary paraphernalia, went on several hiking tours. Miss McMasters, the home economics adviser, sponsors the group.

"FIDDLESTICKS! Who broke the bass viol?" If it weren't for the violins, the high school would have no orchestra. For the first time in three years the lack of these instruments has been sufficiently met to maintain an orchestra. The group of twenty-seven this year played at all school plays and operettas, and took part in the Big Eight music festival.

A dance orchestra composed of about ten members of the band was organized to furnish music at the various school parties. This band was preferred by the student body to outside entertainers. Mr. Aaberg believes next year's outlook is even better than was this year's.

third consecutive year playing at the Minnesota state hospital at St. Peter. The band played at all football and basketball games during the year. This year they again took part in the Big Eight festival at Faribault, and played for the Chamber of Commerce Industrial Show.

This year marked the tenth anniversary of the school band. Beginning in 1927 under the directorship of Mr. Lush, the band has steadily increased its membership from thirty to fifty-eight students in 1937. Mr. Aaberg, present director, expects a larger enrollment next year.

WE WOULD BE IN A PICKLE if it were not for A Cappella, for all the leads in the operetta, "In Old Vienna," were members of this mixed chorus. Their roles were exceptionally well enacted. The mixed chorus of sixty singers will furnish musical selections at the commencement exercises Thursday, June 3. They sang for the Mankato music festival held the first week of May and also for the Big Eight entertainment at Faribault on May 14. Dr. M. Christianson, who is the director of the St. Olaf choir, also acted as director of music there. Unaccompanied choral music being implied by the name, A Cappella, the group sings without instrumental support.

"WITHOUT A SONG the day would never end"—not for members of Honorary Girls' Glee club. Honorary, the most exclusive musical organization in high school, had an enrollment of but twenty-one members. The girls in this group are all juniors or seniors who have practiced singing in Girls' Glee club for one year previous.

Honorary girls took active part in the high school operetta, "In Old Vienna," which was presented February 18 and 19. Besides other public appearances, they sang for the Kiwanis club and at the Y. W. C. A. Vesper services this year.

The two music festivals—the city fest during the first week of May and the Big Eight jubilee May 14—were attended by the group and their sponsor, Miss Klein. Peggy Mickelson was their accompanist.

ARE YOUR VOICES changing, boys? They're closely watched if you are in Boys' Glee club. Miss Klein, the music director, has a much better opportunity to know and train individual voices in the glee clubs than in the a capella mixed chorus.

This group of singers is composed of sophomore, junior, and senior boys who meet to practice twice a week. Their songs consist of four part work—first and second bass, first and second tenor.

Members of Boys' Glee club sang at many assembly programs throughout the year and also assisted in the operetta, "In Old Vienna," which was presented by the entire combination of the glee clubs and mixed choruses at three performances on the eighteenth and nineteenth of February under the direction of Miss Klein.

Music Goes 'Round

... It happened in Vienna.

Masters of the ivories.

SIXTY FEMININE VOICES will swell in a great chorus at Baccalaureate exercises in Lincoln auditorium May 30. The girls are members of Girls' Glee club, a class preparatory for Honorary singers. At least one semester of practice in the group is necessary for membership in A Cappella; two semesters, for Honorary. The club meets bi-weekly for practice.

These girls sang before the student body at the Christmas assembly. Some members also took part in the operetta, "In Old Vienna." Every year awards in music are given to seniors who have been active in musical functions of this high school.

Due credit is given Miss Klein for her excellent directorship of Mankato High school's prima donnas and also to Sylvia Larson, able accompanist for the singers.

Pretties at the prom.

OUR 1936 PROM was a Dutch treat for both the juniors and seniors. The Lincoln gymnasium was decorated in a Netherlands theme, with little yellow wooden shoes given to each guest as a favor.

John Neitge with his guest, Jean Wilcox, and Hugh Willard with his guest, Eileen Swanson, led the grand march. These boys were junior and senior class presidents.

John Neitge acted as toastmaster for the following talks: "Tulip Time," by Hugh Willard; "Hans and Gretel," Mary Lloyd; "Dykes," Mr. Talle; and "Wooden Shoes," Mrs. E. W. Willard. Fred Eichhorn closed the dinner program with "Windmills."

At the conclusion of the banquet, more than three hundred students danced to the music of Bennet-Greten and his band.

"Where's that 'Big M'?"

KATO! KATO! KATO! . . . Yell club is the noisiest group in school. As is the custom, this club again sponsored Scarlet and White day, the big football event of the season. Guided by an executive cabinet and Frank Dixon, president, they furnished gymnastic entertainment during games.

Button, button, who has the button? Members had them—big red and white ones that they wore to games—another accomplishment of the Yell club.

All the Comforts of Home, sir," John laughs, as Lee finds himself fascinated by the charming Bette.

Usually held to account by their elders, Peggy and Kathlyn were exceptions to the rule in this case.

Frankato's ears were titillated with the melodic airs of old Vienna and its chorus of pretty peasant maidens.

You'll laugh, too, with Frank Dixon, Mary Ann French, Jean Wilcox, Jack Charlton in "Wind in the South."

"Safety First" was the theme of the radio continuity in which these three helped to dramatize the part.

Backstage, Dotty admires Jean in her Prince Vladimir costume—the attire which nearly broke up the Benders.

"Now you see it; now you don't." Lee, the doctor of "Black Magic," and Leonard, his stooge, performed.

The play was called "All the Comforts of Home," with Mary Ann and Wilbur in humor characterizations.

Tut! tut! These gossipers!

Lights Out

ACH, JA, ES WAR SEHR GUT! THAT WAS THE opinion of those who saw 'Wind in the South,' a three-act American comedy play, given by the seniors May 21. A protest against race bigotry, a mixture of humor, pathos, it involved German and Italian characters, with neighborhood gossips and country telephones providing fun. Leads taken by students were Karl Werner, Frank Dixon; Anna Werner, Mary Ann French; their son John, Jack Charlton; his Italian wife, Jean Wilcox. An Italian peddler was enacted by Douglas Jensen. Barb Kesson as Mrs. Seckler, and Jean Odlaug, Mrs. Wirklin were gossips; Kathlyn King and Peggy Mickelson took the children's roles of Elsie Werner and Dora Seckler.

"All the Comforts of Home," a four-act farce, was presented by the seniors April 8 and 9 to finance the school yearbook. Lee French, John Neitge, Bette Ross played leads.

A Fine Romance

"HUMPTY DUMPTY HAD A GREAT FALL——"
 "Hold Everything." Earl Olson, as "Humpty Dumpty" Barret, has fallen in love with Connie Morgan, played by Elva Moline. It all takes place in a California tourist home. But other important characters find themselves "bunked" there also. Some of these are Jim Brown, as Connie's father, and Bill Radichel and Warren Pribnow, two crooks who have robbed Mr. Morgan's bank. Their mysterious bag goes on a merry-go-round of ownership, everyone suspicious of everyone else. All sorts of complications come up. Betty Jane Pugh characteristically portrayed the part of a negro maid, superstitious of voodoo beans. All the complications that arise make a delightful concoction of events known as "Hold Everything." The juniors presented this, their class play, November 4, before a full house at Lincoln assembly.

"I is a lit-tle waitress."

It's the Gypsy in Me

IN A COLORFUL ATMOSPHERE OF CARNIVALS, gypsies, mystical pools, and comedy sleuths, A Cappella and the glee clubs presented the operetta, "In Old Vienna," February 18 and 19. "We can't get along without Jimmy." That was Ilona's opinion of J. Jennison Jones, a pickle agent, portrayed by George Nelson. Ilona, a beautiful gypsy maiden was characterized by Jean Wilcox. Betty McCue, as Lady Vivian, came to Vienna at carnival time to find her lost daughter, who proved to be Ilona. Curtis Tufte, as Kinski, and Art Spenger, as Jigo, presented a villainous aspect. Helen Lidstrom, as a waitress, and Maxfield Hoxie, and Wade Swanson, as two detectives, provided humorous roles. The students' aptitude, Miss Klein's able directing, and accompaniment by Marian Christenson and Peggy Mickelson all helped to make the operetta an outstanding success.

The grand finale.

Dear Frank—

Remember back in Physics I at table one with Pete. You were one of the first pals I had in Mankato and I hope it will continue indefinitely. We sure have had some good times together at Xi-y parties, school dances, last year's Prom, and taking in the district and regional basketball tour.

You did a swell job in debate and I hope you have lots more luck in the future.

Here's wishing you lots of success in the future and I am sure you will ~~success~~ succeed in anything you do.

Best Wishes from a friend

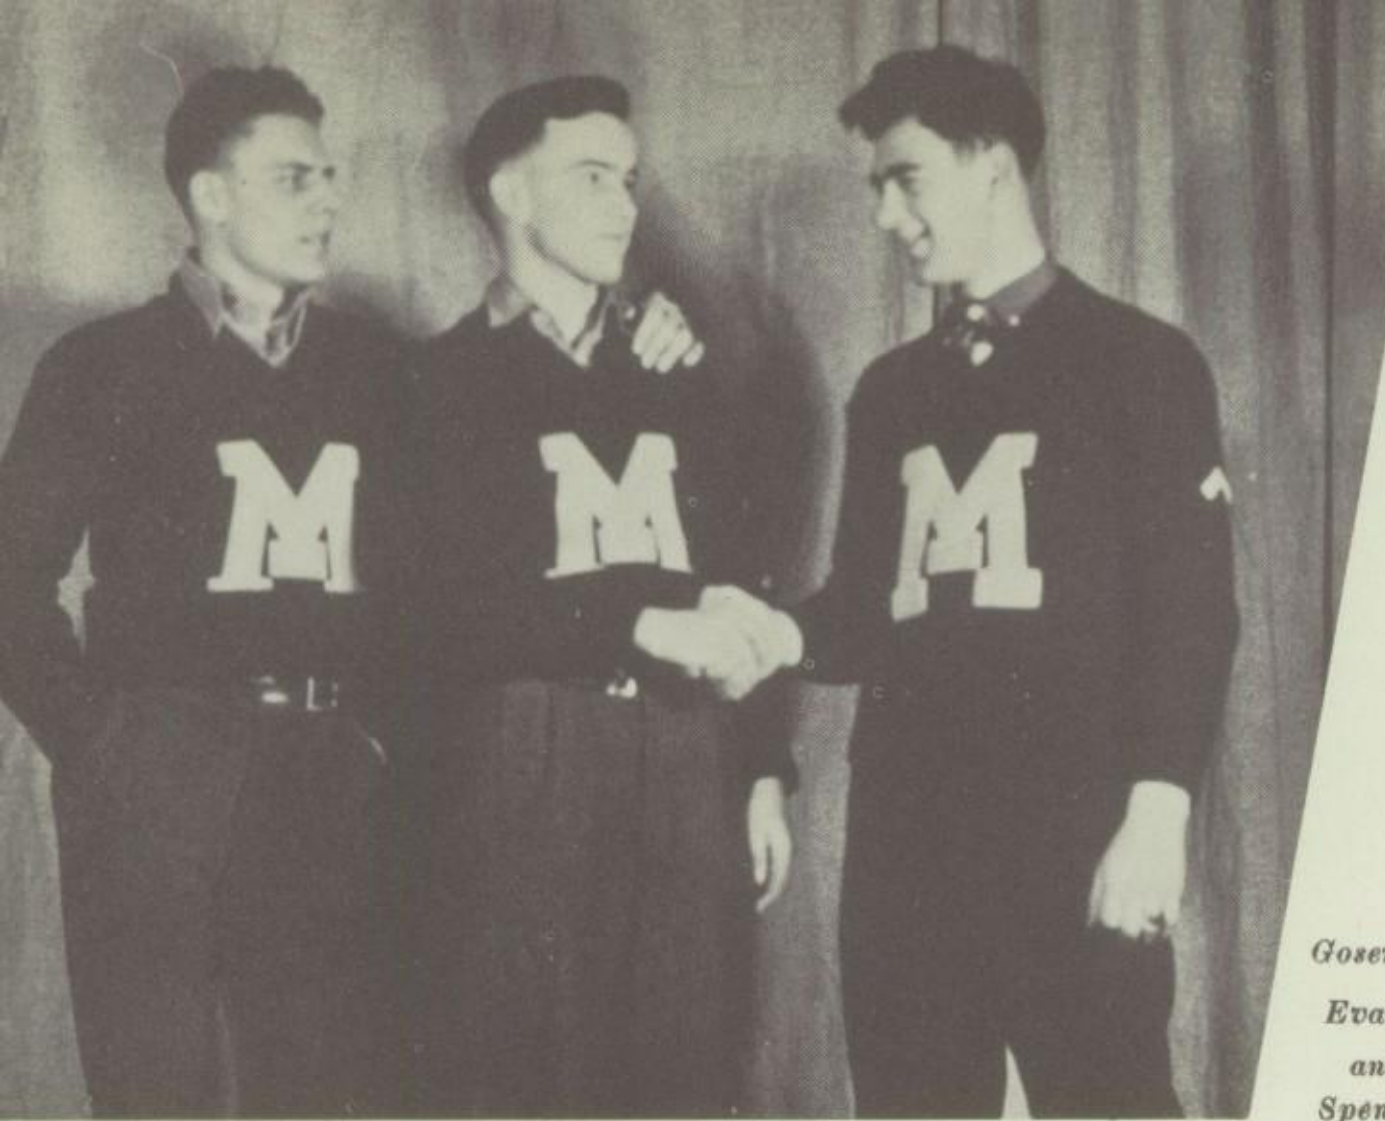

Jack Charlton

Dear Frank—

Well here's to a swell kid, I can hardly forget you because of all the rides you've given me - also I've had the luck of being in a lot of your classes - I can wish you lots of luck and happiness in the future, but I don't have to wish you success, because of all those graduating - you are the best prospect for success - I hope that graduation will not mean seeing less of you
your pal

Pilots All

Something different in Mankato High school's football history was the choice of co-captains to pilot the 1936 team. Arthur Spenger and Kenneth Gosewisch were elected to this important position by teammates. Capable leadership and clean play were displayed during the season by both boys. Under them the Scarlets won four, lost two, and tied one for a percentage rating of .571. Orland Evans will be next year's captain. Orland proved to be a valuable player on this year's squad. His fine performance as an end broke up many of his opponents' passes.

Our Own 'All-Americans'

Each year sports writers in the cities in which are located the schools of the Big Eight select their nominees for an all-conference football team. The selections are compared, and the player who has the most votes for any particular position is named at that position on the mythical all-Big Eight conference football team. Mankato was represented on the sports writers' all-Big Eight team this year by Orval Morphew and Kenny Gosewisch. Morphew, a center, played a strong game on the offense, and his defensive game was a standout. He played a hard game from start to finish. Gosewisch was outstanding at the tackle position. His hard play proved to be a terror to opposing linemen and backs. Many were the times opponent backs found themselves thrown for losses by Gosewisch's hard line slices and tackles.

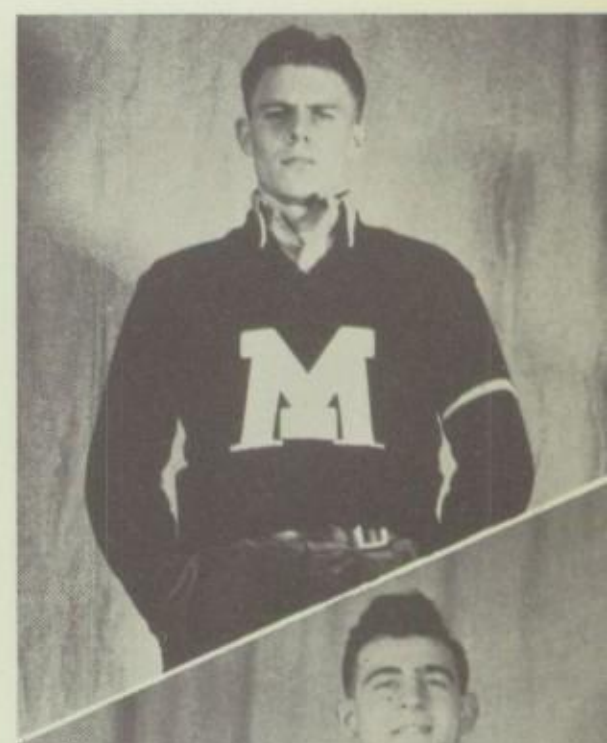

Art Spenger and Chuck Rebstock are Mankato's representatives on the all-Big-Eight second team. Both boys are linemen. Bob Butler and John Neitge had their names placed on the honorable mention list as reward for their service. Members of the all-Big Eight team who joined Morphew and Gosewisch were: McQuarrie, end, and Dexter, halfback, of Rochester; Twedell, guard, of Austin; Rice, end, and Lowery, guard, from Albert Lea; Sulack, tackle, of Winona; Smith, fullback, of Faribault; Lashbrook, quarterback, of Northfield; and Obradovich, halfback, Red Wing.

Coach Todnem

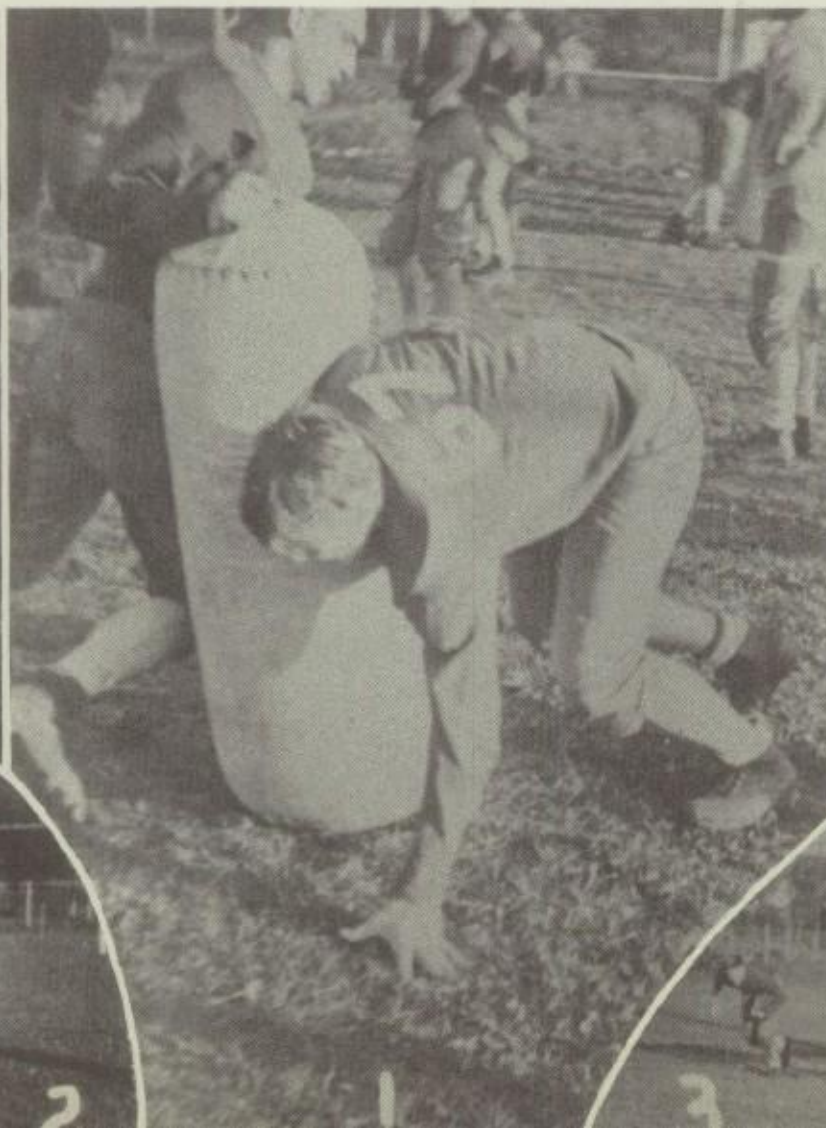

Louis' XIV Years

Louis Todnem completed his fourteenth year at Mankato high school by once more turning out successful teams in football and basketball. Good sportsmanship and fair play are stressed by Coach to all his teams. He started the football season with only three returning lettermen but developed a team which made a fine record. His basketball men were at first a disappointment, but he coached his material into a team which was formidable to say the least. Coach Todnem said that the 1936-1937 basketball team was one of the finest quints he ever coached.

Gridders Finish With .571 Percentage

Mankato high started the football season with only three returning lettermen but managed to pull through the first game with a victory to its credit by trouncing Humboldt high of St. Paul, 8 to 0. This victory put confidence into the Kato boys and they rode to victories in the next two encounters with Red Wing and Northfield by the identical scores of 13 to 6. All was going well with the team until Rochester's Rockets flew into town on Scarlet and White day and upset the Kato lads 18 to 0. Next on the schedule was Albert Lea, the Jinx team. A hard game failed to produce a score for either side; so the score read Mankato 0, Albert Lea 0. Mankato ran into a miniature dust storm at Waseca, but managed to keep track of the ball long enough to win a 16 to 0 decision. The final game of the season saw the Todnemites drop a 20 to 0 contest to the Faribault Fairies.

Captain Morphey

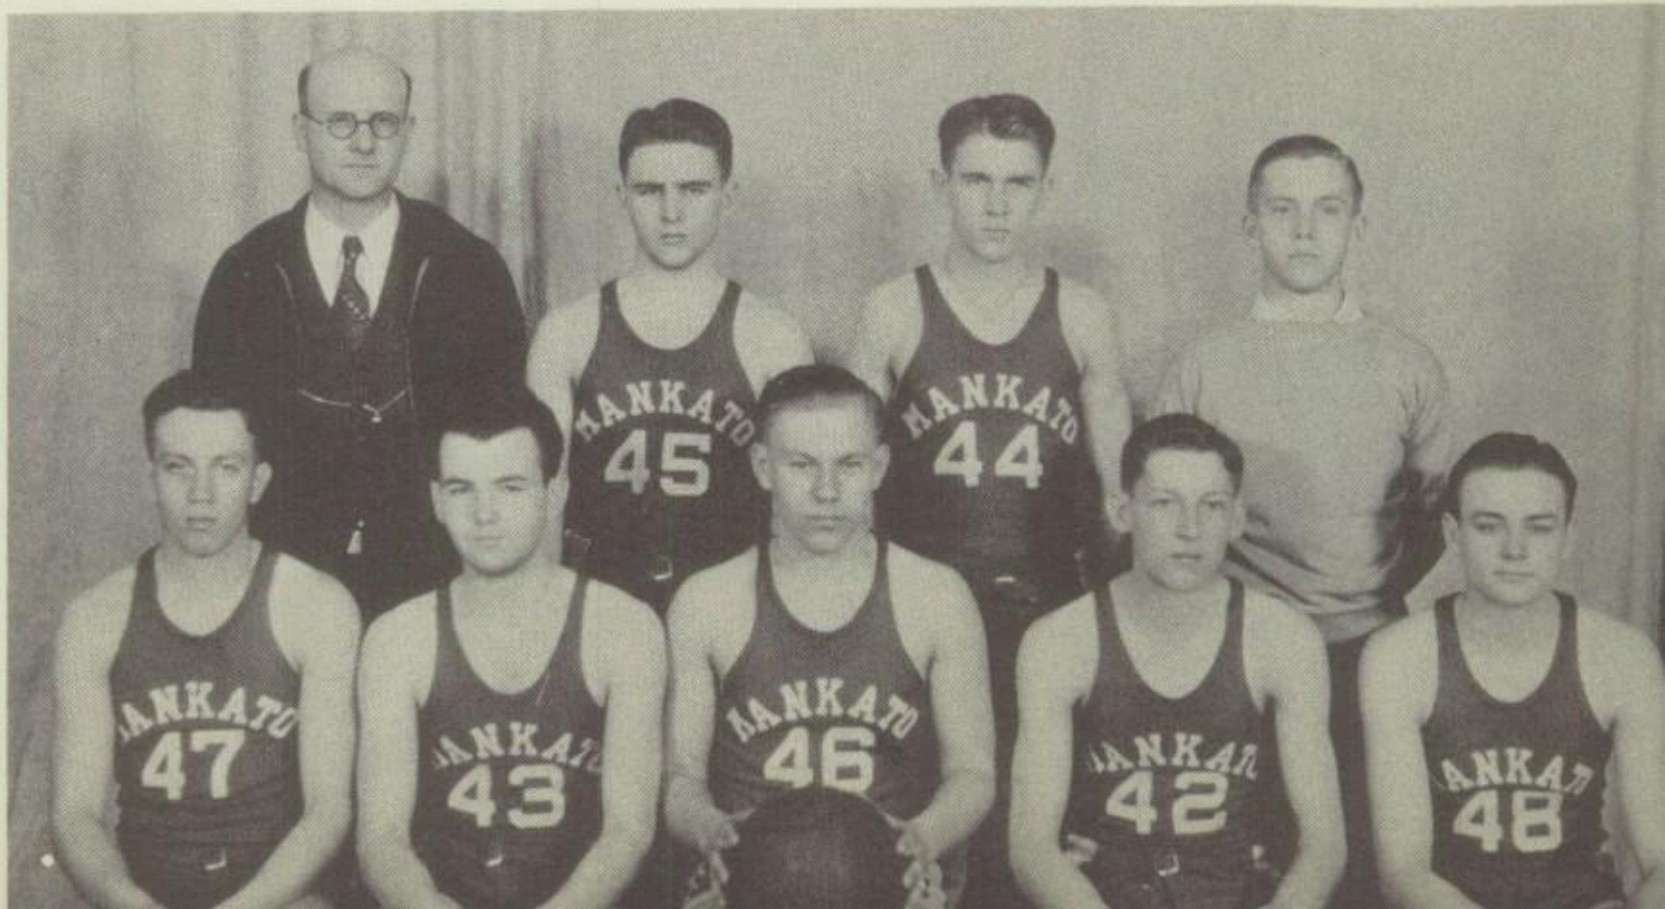

Meet Orval Morphey

Captain Morphey proved to be an excellent leader even though he could not hit his stride in the early part of the season. Orv's specialty, a long shot from near the center of the floor, did a lot to put the winning touch to many a game. Morphey came through with the points when they were most needed; thus turning what might have been a defeat into a victory for dear old Mankato high. Give us more leaders like Orval Morphey and we'll have basketball champions for years.

They Were 'Slightly Terrific'

The Scarlet basketball team got away to a wobbly start by downing Blue Earth 12 to 10 in a listless battle. The start was little less disappointing than the next four games all of which were lost. Austin started it by taking the Scarlets by the score of 16 to 14; Northfield kept the loss column intact by handing out a 28 to 16 beating Albert Lea received a scare, but took the Kato lads to the tune of 33 to 29; the Alumni ended the reign of terror as they took the fourth in a row by scoring 33 points to the Scarlets 29. That was the opening of the basketball season; the following games were almost the exact opposites in all respects. The Scarlets started on the upgrade by trimming T. C. high, 19 to 14. They kept up the good work with victories over Faribault 31 to 24, Winona, 36 to 31, Northfield, 29 to 22, and Albert Lea, 30 to 29. Faribault finally broke the win streak with a 32 to 18 victory in the second meeting. Marshall high of Minneapolis ended the pre-tournament season for Mankato as they lost a 13 to 21 game at Mankato. The tournament play started with Mankato taking the district title. Victories over Waldorf, 54 to 22, Rapidan, 43 to 13, St. James, 34 to 22, and Teachers College high, 37 to 21 turned the trick; and the Mankato boys brought home the trophy. The regional tournament found Mankato winning the opener from Lakefield, 24 to 27, and dropping a heart-breaker to Tri-Mont, 22 to 23, in the title contest.

Hallelujah!

The championship of the Saturday Morning League this year changed hands, passing from the last year's champion Yannigans to the newly formed Hallelujahs as the latter were undefeated in their entire schedule. The Hallelujahs had on their roster such well-known figures as Dewey Fox, Frank Phelps, Donald Rebstock, Carl Brell, and Joe Smith. The Blue Devils placed second in the race. The Yannigans, usually the team to beat in the league, were tripped three times, and finished in a tie for third place. This year's scoring record went to Earl Maxfield who scored 74 points. Frank Phelps placed second.

The Cinders Fly When They Go By

Kato high tracksters opened the 1936 campaign with a triangular meet with the Teachers college and the Teachers college high. They came out second best as they outscored the T. C. high and were themselves outscored by the college team. The track tournament season got under way with Mankato sweeping the district and the regional titles. The team was well-balanced and showed excellent early season form as it rolled up the district and regional championships in a cloud of glory. The state meet at Minneapolis proved to be another thing, however, and the Kato boys came out last in their division despite the efforts of Jabbra and Allen. Mankato lost one of its greatest athletes in Henry "Joe" Jabbra. Captain Bill Hickstein, Karl Kehner, and Duane Simmonds were other boys who were hard to replace. Returning lettermen, Adlor Olsen, Jake Fenger, Charles Koenigsberger, Bill Steiner, Bill Whalen, and Captain-elect Sumner Allen will form the base of the 1937 squad. Other material coming up from the junior high promises a 1937 track squad of even better all-round ability than the 1936 cinder aggregation.

He's A Hurdler

Sumner Allen was chosen to lead the 1937 track team. Sumner is a sprinter in every sense of the word. His hurdling is a sight to behold. Allen won the 220 low hurdles in both the district and the regional meets in 1936. He is also a valuable man on the relay team, being an outstanding baton passer. Sumner bears watching, for records may not stand very long once he gets under way on the cinder path.

Tee On The Terrace

Kato high golfers began the season by losing to the Red Wing and Faribault teams in pre-tournament matches, but came back strongly to win the Big Eight crown at Faribault. Donald Krugel scored low for the Mankato team by carding 117 for the 27 holes. Don's score placed him third high among the winners, as Christianson of Northfield and Beiter of Faribault scored 110 and 115 respectively to take the first two places. Other members of the Kato team played consistent golf as they captured the Big Eight trophy. The French brothers, Leslie and Elden, took 123's and Gar Odlaug took a 121 to make the team score 484, and gave Mankato another golf crown. Later in the summer a team composed of Leslie French, Jim Kawczynski, Carl Brell, and Bill Hinkle won the state Caddies tournament at Minneapolis. Les French had a 151. Carl Brell followed closely with a 154. Jim Kawczynski carded 163, and Bill Hinkle, 168. Lloyd Peterson entered the tourney for the individualist crown. He took a 183. The team score was 636, three better than Highland Park of St. Paul.

These Girls Are Top Notch Athletes

The Girls' Athletic Association aims to encourage individual and group sports among the girls at high school. Any girl is eligible for the club after she has earned a hundred points. These points may be earned by hiking, skating, skiing, horseback riding, bicycling, swimming, and by making teams in various sports. One hundred points are given for making the first team and 50 for the second team. Each girl earning 500 points, provided she is at least a junior, is awarded a letter and she receives a pin if she has 800. The girls receiving pins were Margaret Lind and Lois Tamblyn, seniors, and Rae Elaine Wilbur, junior. Letters were given Dorothy Hanson, Virginia Martinson, Mary Donahue.

Basketball is Favorite Feminine Sport

The most predominant girls' sport is basketball as was proved by the opening turnout of forty-six. An inter-class tournament is held annually. This year the seniors captured the championship by defeating the juniors, 26 to 5. The first game resulted in a loss by the sophomores to the juniors, 30-15. The juniors then lost to the seniors by the lop-sided score of 28 to 3. The senior team was composed of Dorothy Hanson, Lois Tamblyn, Margaret Lind, Mary Agnes Donahue, Dorothy Heitkamp, and Lois Heitkamp. Junior team members were Nadine Campbell, Virginia Martinson, Margaret Jane Sohmer, Rae Elaine Wilbur, Mary Ann Offerman, Nancy Ziesmer, Marjorie Rettig, Ruth Ann Klugherz, Dorothy Edmondson, and Mary Jane Swenson were placed on the losing sophomore sextet.

Those Teachers Are Demons

From the three class teams, the coach and basketball manager choose a varsity team composed of eight girls. These girls receive a hundred G. A. A. points for this achievement. This year's team was composed of Mary Agnes Donahue, Virginia Martinson, Dorothy Heitkamp, and Ruth Goff, forwards. The guards were Margaret Lind, Lois Tamblyn, Rae Elaine Wilbur, Dorothy Jean Hanson. Each year a team composed of faculty members plays the varsity. This season they played two games, with the girls bowing to the teachers in both games. The first game score was 26 to 9, and the second, 28 to 18. The faculty team was made up of Karl Aaberg, Howard Oiseth, Karl Bengston, Mervin Nelson, Alice Rudberg, Vivian Klein, and Nellie Olson. Mr. Nelson, a Lincoln Junior High teacher, was the high scorer in both games. Special recognition should be given to Lois Tamblyn and Margaret Lind, guards, for having been chosen on the varsity team three years in a row.

The second round saw the defeat of Mary Lou Mills, Bernice Domas, Clarice Crooker, Catherine Palmer, Charlene Bierbauer, and Geneva Hoffman. In the semi-finals Lois Tamblyn and Rae Elaine Wilbur defeated Ruth Goff and Nadine Campbell; Pearl Reed and Mary Hennessey conquered Margaret Lind and Virginia Martinson. In the finals Lois Tamblyn and Rae Elaine Wilbur defeated Pearl Reed and Mary Hennessey, 6-4, 6-4. Jean Odlaug, manager, and Miss Rudberg, coach, were referees.

Dear Frank,

I can't remember when I last met you but I'm glad I did. You have reached the top in M. H. P.

and so now keep going. Thanks for the help in Algebra.

I'm still rather lost in that class. Science, Happiness and all the rest. I may have heard all this.

Thank you very much.

Dear Frank,
I owe my life to you for these last couple years. I really appreciate your efforts. Really though I think I've found a friend who understands what's in the heart of me - or at least pretends he does and looks an ear and listens. It seems I can tell all my troubles to you and they always seemed to get ironed out. Thanks to you.

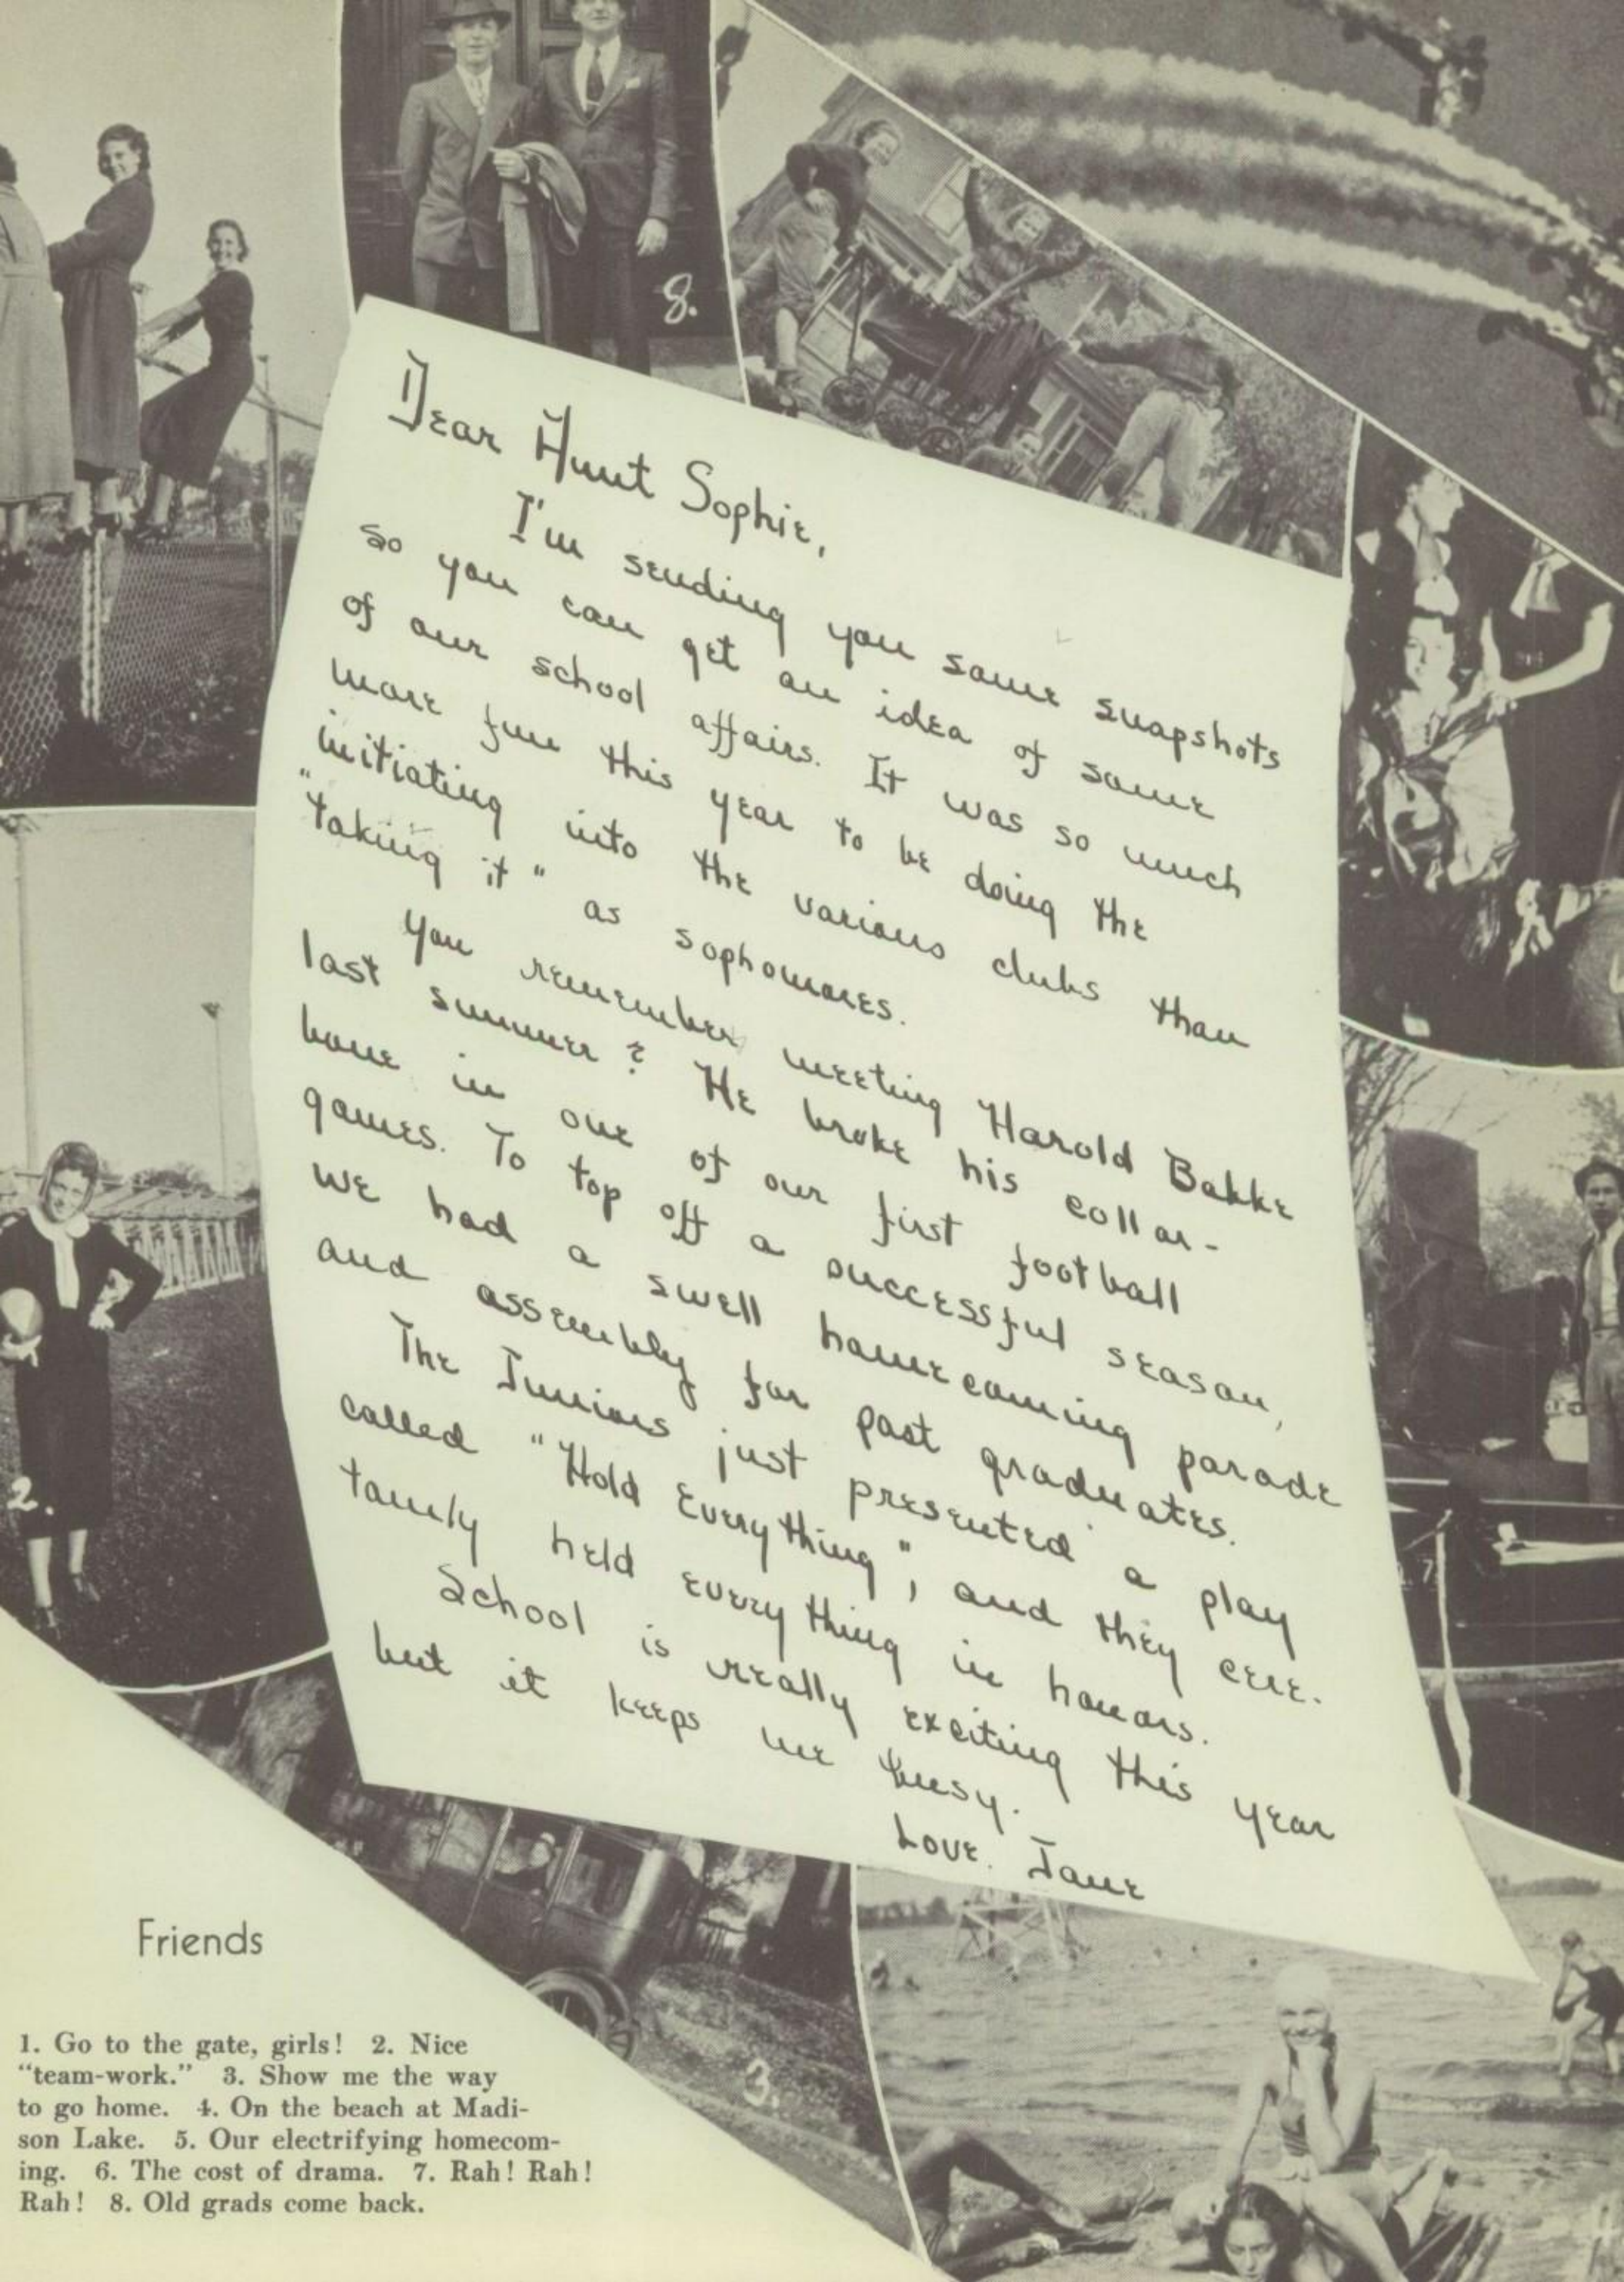

I do want to wish you lots of happiness and success. For I'm very sure that you deserve it.

Sincerely,
Mary Ann

Dear Frank,
It's been swell to know you in school and orchestra. You surely are a 'jack of all trades' when it comes to playing an instrument. Lots of luck & success.

Dear Frank,
Don't we have fun broken it out of Lensor in Chem. class. Well, I've known you for a long time, and know you're ready to confront the world (now and in the future) so good luck to you. You'll make a success. A friend
Frank

Dear Hunt Sophie,
I'm sending you some snapshots
so you can get an idea of some
of our school affairs. It was so much
more fun this year to be doing the
initiating into the various clubs than
"taking it" as sophomores.
You remember? He meeting Harold Bakke
last summer? He broke his collar-
bone in one of our first football
games. To top off a successful season,
we had a swell homecoming parade
and assembly for past graduates.
The Indians just presented a play
called "Hold Everything", and they even
taunty held everything in hands.
The School is really exciting this year
but it keeps me busy.
Love, Jane

Folks

Dear Aunt Sophie,
 Our welcome back to school after Christmas vacation was made the harder by tests and report cards. Seniors were in full swing toward another of Miss Klein's usual successes. Declam, debate, and basketball were all crowded into the month of March with everybody buzzing around in the other various activities, too.

After Easter we had a chance to catch our breath again, and took time to notice the annual staff during its greatest rush. I will send you a copy of the year book for I'm sure you'll be interested.

Fun

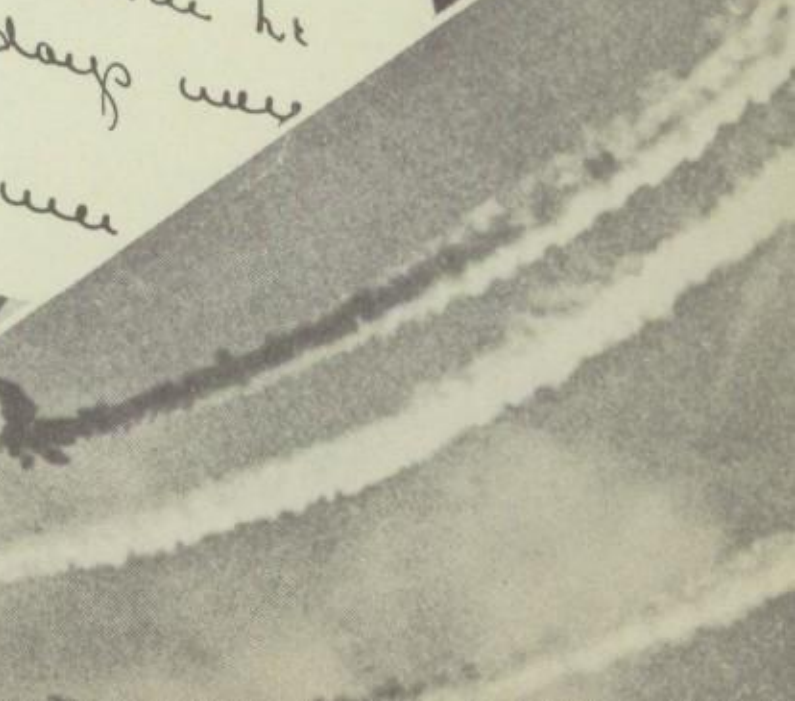

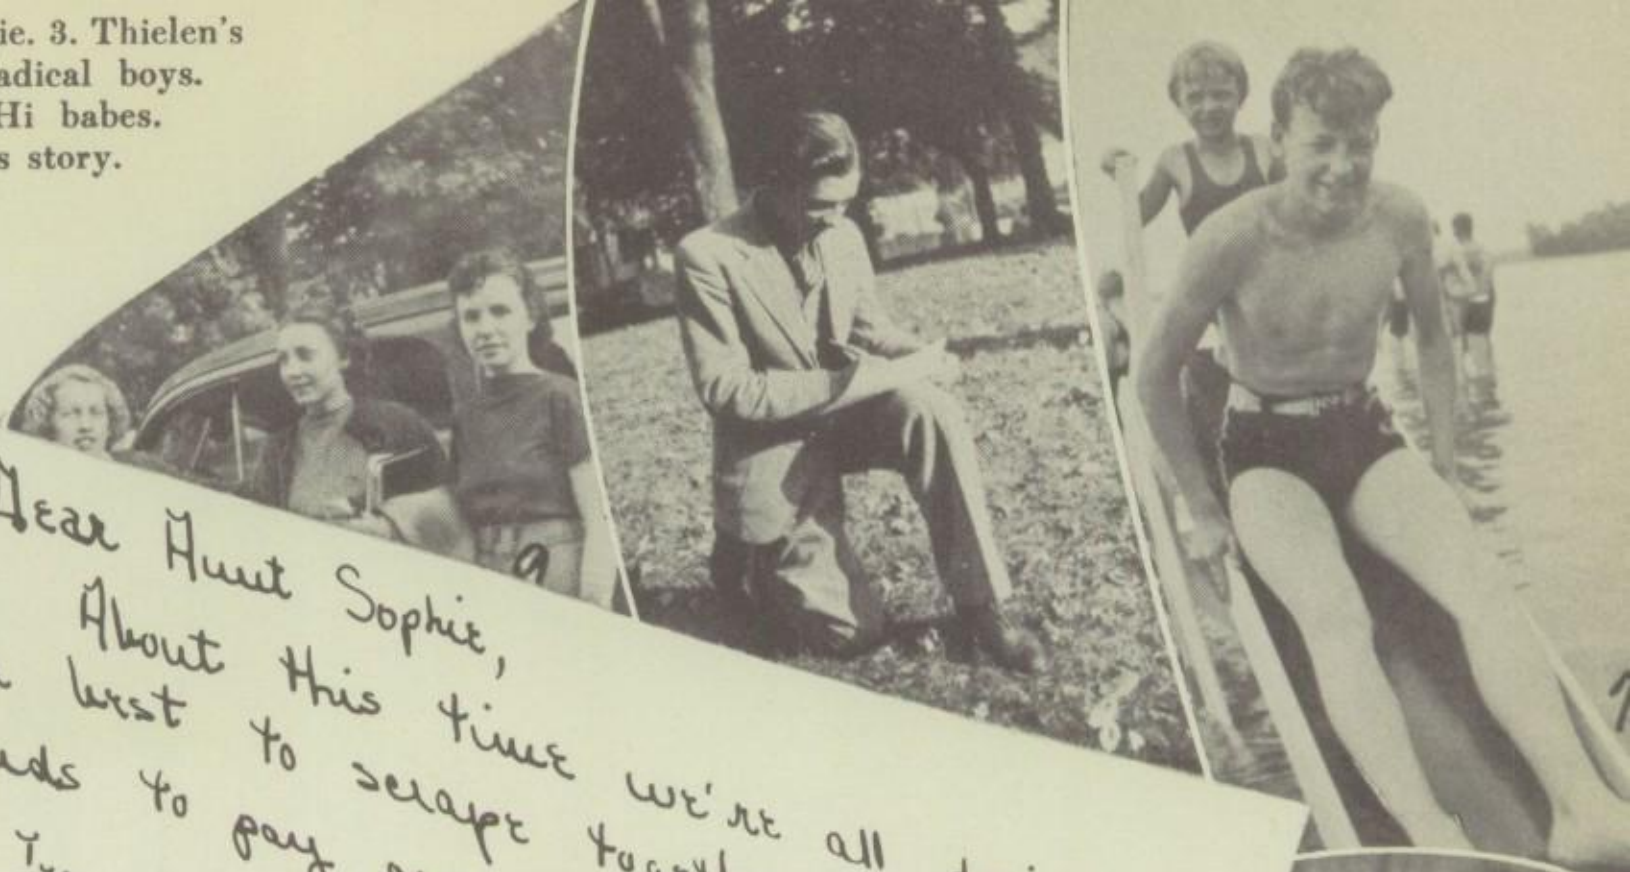

Dear Aunt Sophie,
 About this time we're all doing
 our best to scrape together enough
 funds to pay our left-over dues.

In addition to the regular Senior
 class play a group of seniors presented
 a farce to raise money for the
 annual staff.

The Juniors carried out a gay
 and delightful theme in their
 prom. That is the most important
 social event of the year.

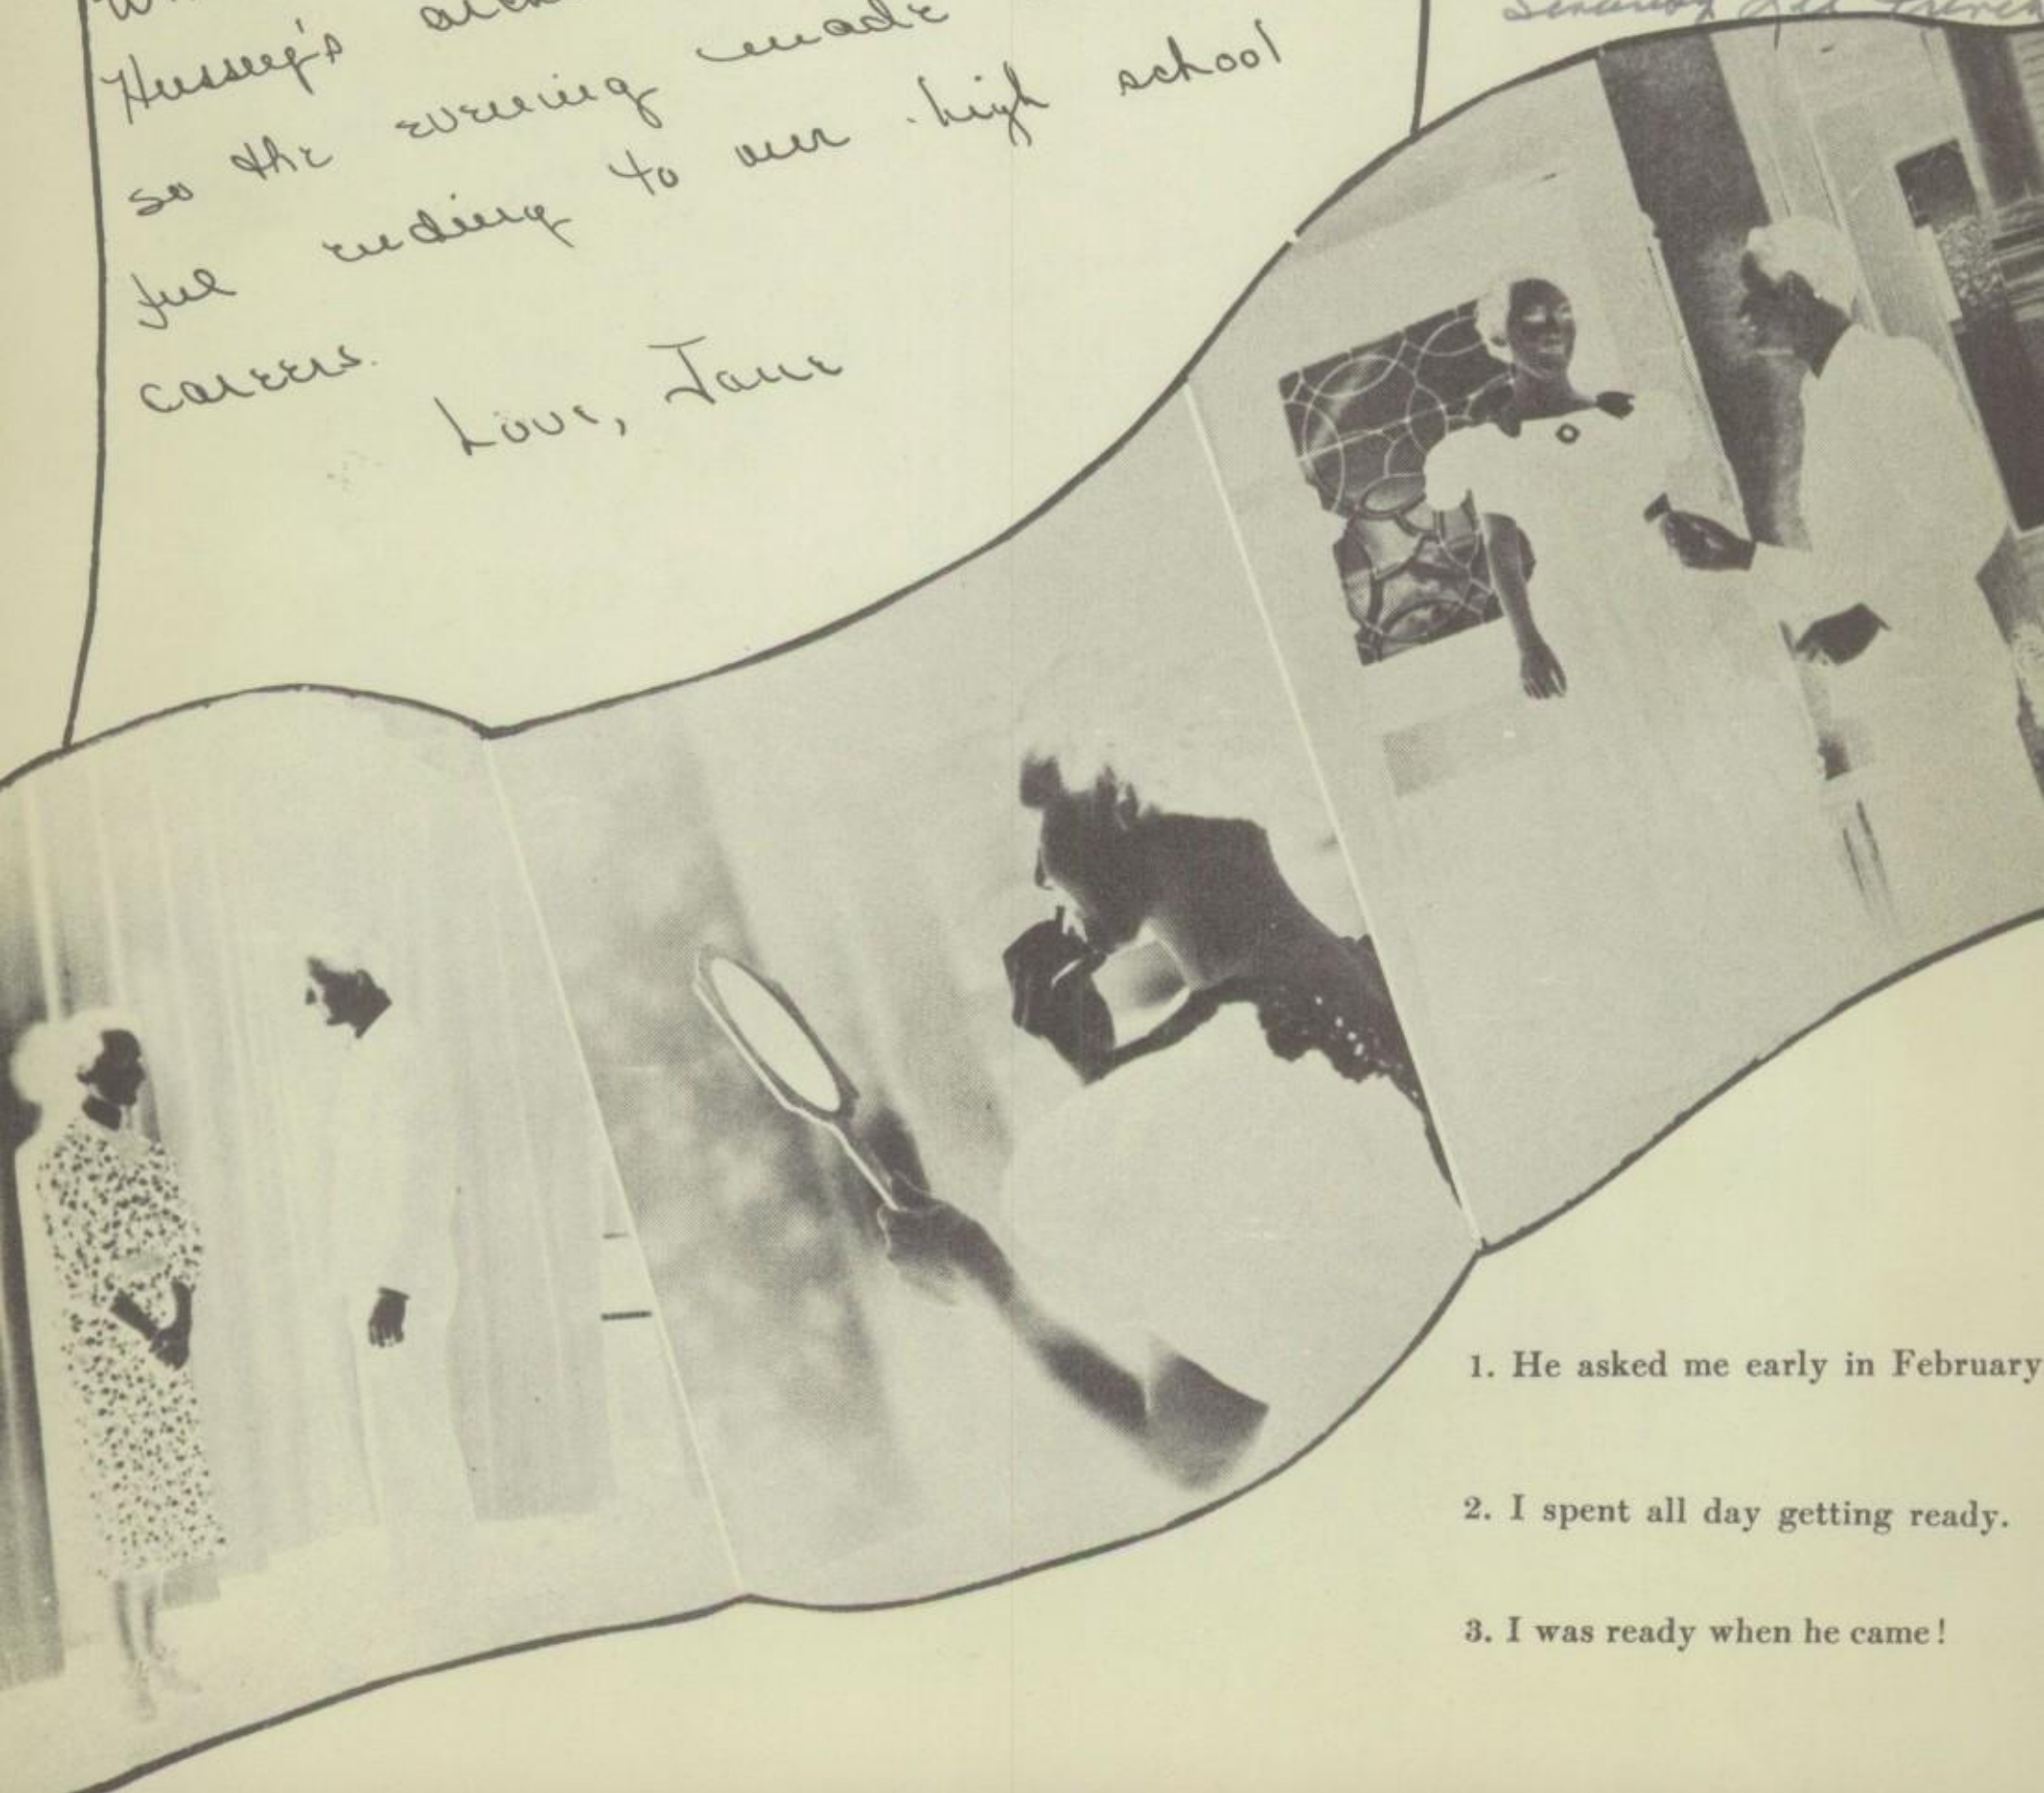

Last of all came Commencement
 We all were glad to graduate,
 but one couldn't help but feel a
 little catch in his throat when he
 realized his high school days were
 over.

I will see you this summer
 Love, Jane

Dear Aunt Sophie,
 I had so much fun at the prom
 this year that I thought it deserved
 a special letter.
 Dad asked me early in February,
 which relieved me of the invitation
 worry. I suppose every girl has.
 The Lucies did a perfect job
 with the decorations, and I can't
 Hesse's orchestra pleased everyone,
 so the evening made a delight-
 ful ending to our high school
 careers.
 Love, Jane

Wah Wah Wah!
 I guess I really didn't
 know you until this year
 and it's sure been fun
 We've had much, much fun
 in Drama Club - Oh remember
 that night of Drama
 Club invitation?? You
 drive a nice car too
 I hope you make a good
 job this summer.
 And from now on
 you should go
 please. Keep it up
 Lots of Success &
 a dam good kid.
 Sincerely, Les French

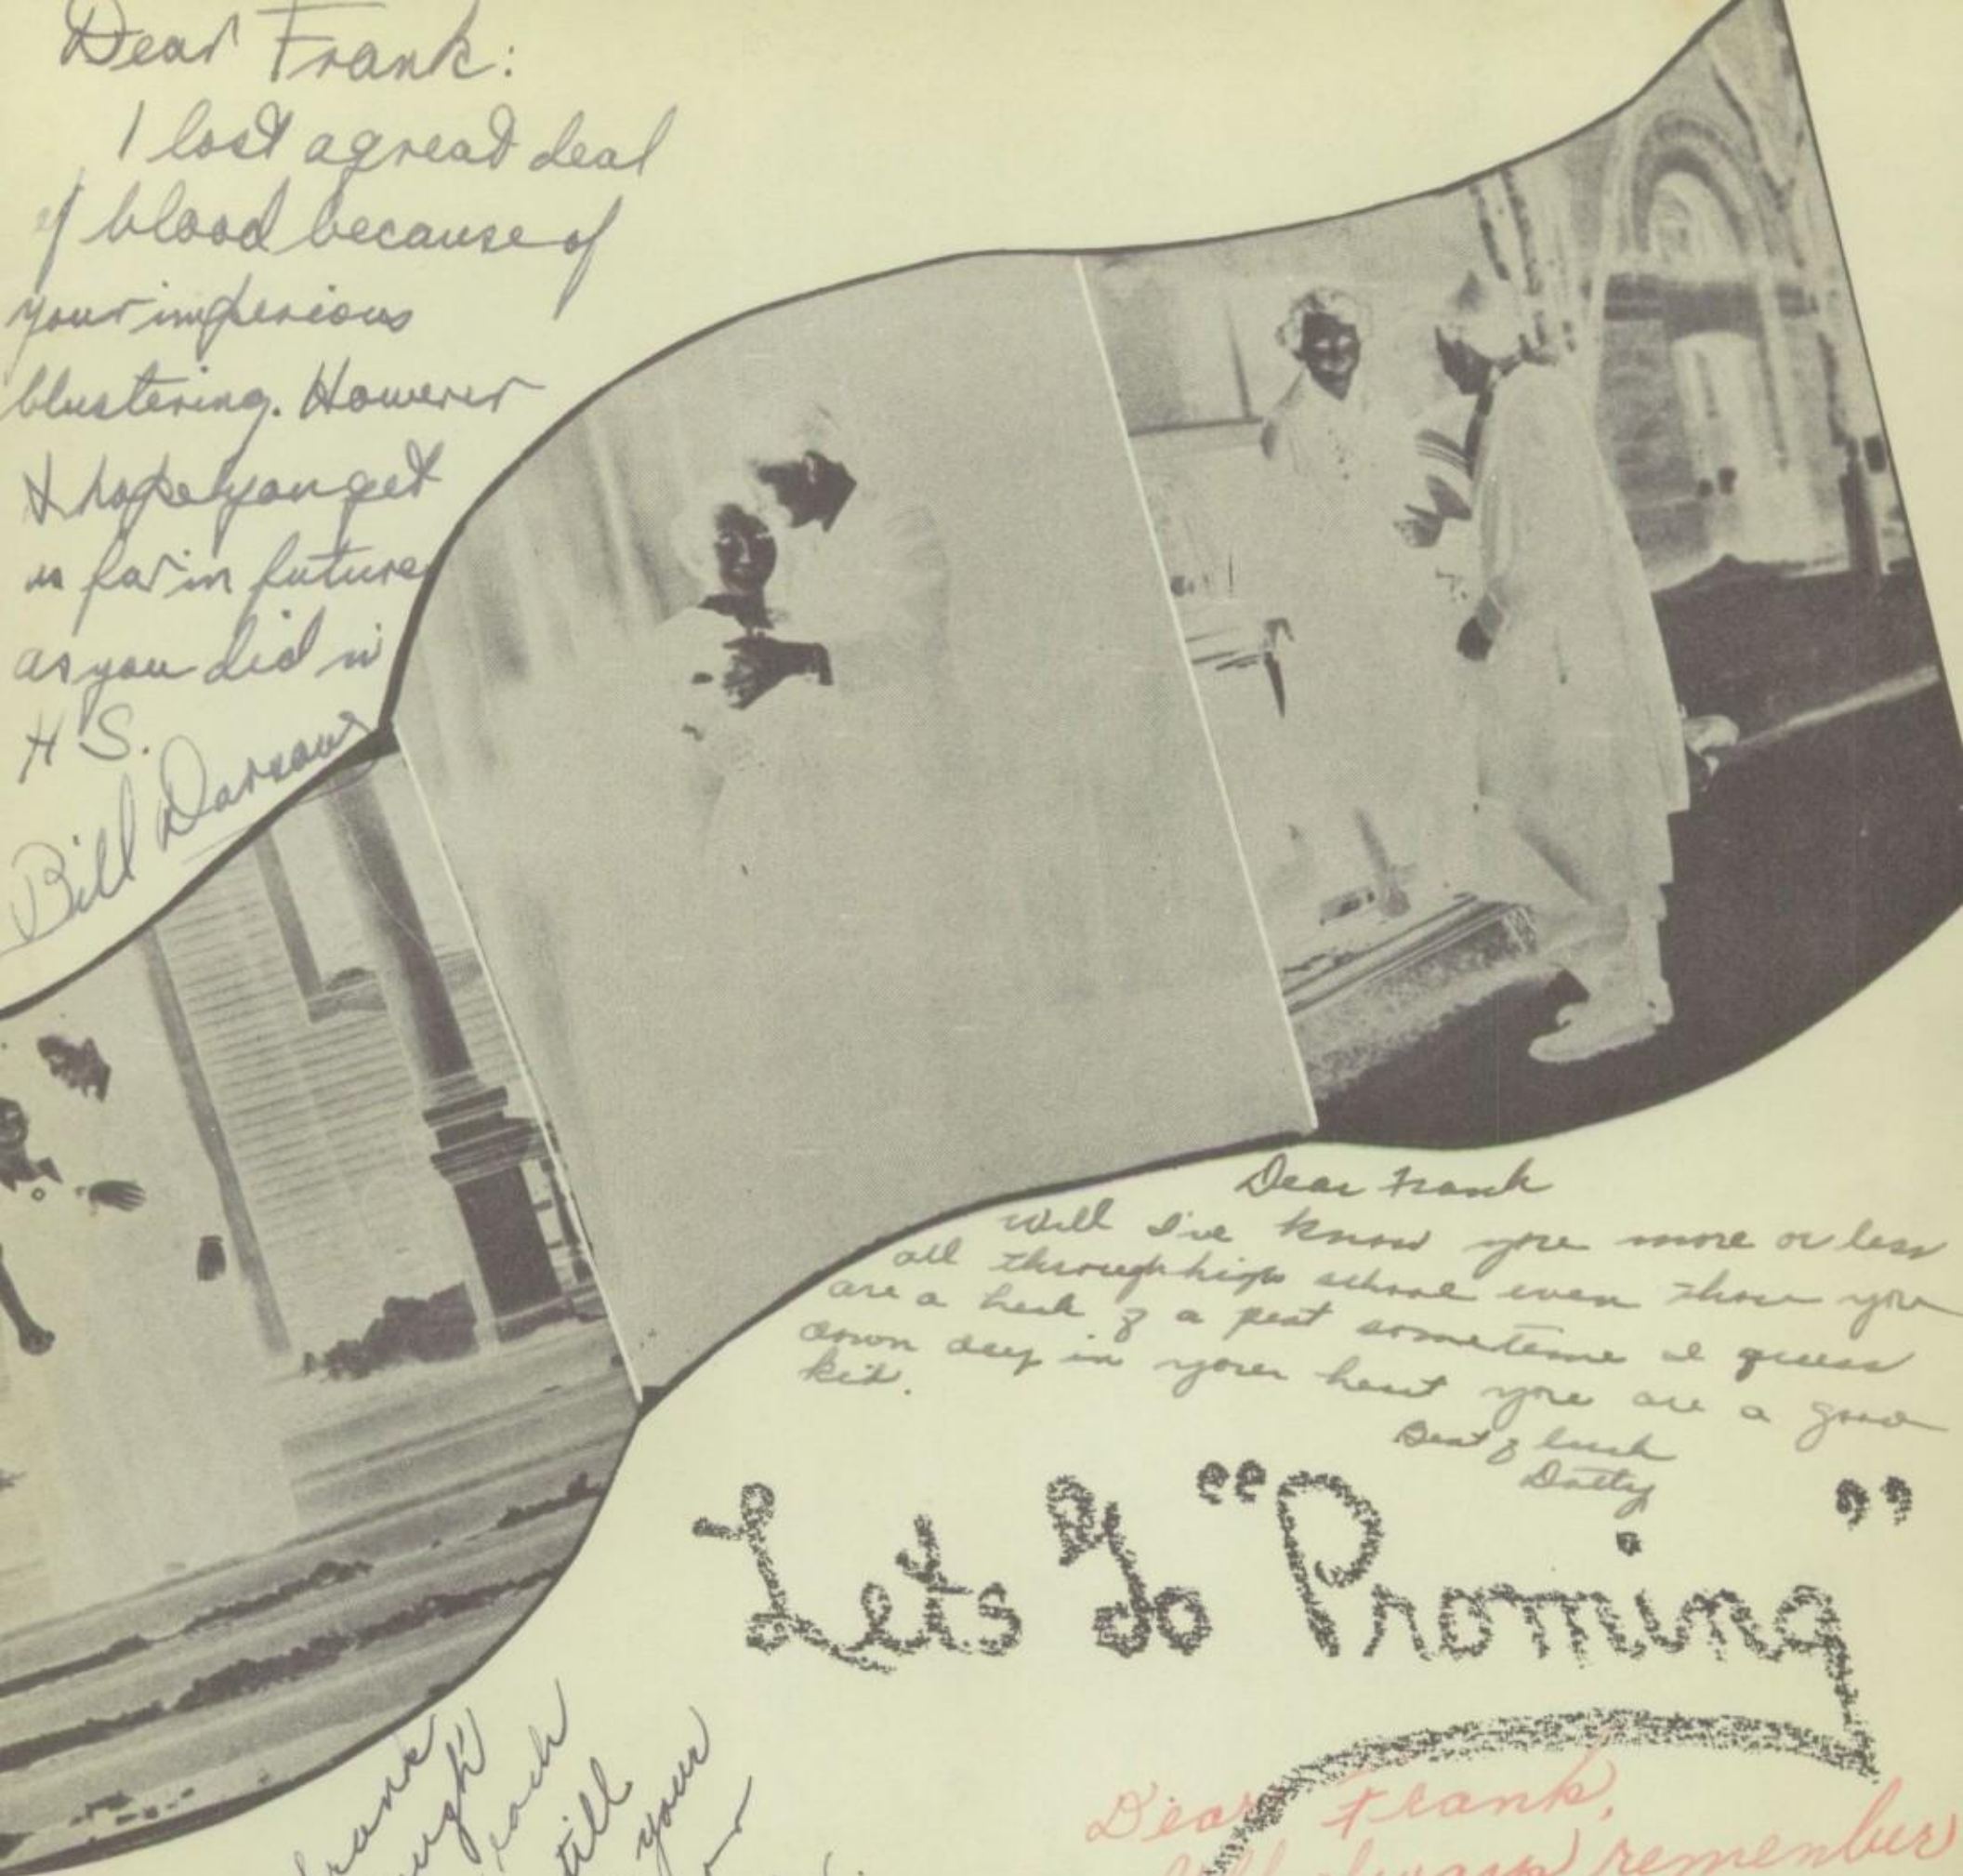

1. He asked me early in February
2. I spent all day getting ready.
3. I was ready when he came!

Dear Frank:

I lost a great deal of blood because of your ingenious blustering. However I hope you get as far in future as you did in H.S.

Bill Darnau

Dear Frank
 Well I've known you more or less all through high school even though you are a heck of a peat sometime I guess down deep in your heart you are a good kid.
 Best of luck
 Sally

Dots and Dashes

This is not going to be a dot and dash. It's gonna be a novel. First of all - book rugging. When folks deliberately tear books it's different than when a boy tosses a book through the air and it falls apart. Second - fellas with eye cues off 150. There are too smart. Besides when one has a eye cue that high he's practically a genius no genius is close to madness. But all kidding aside Frank some day I am gonna add some weight to my frame. And then I'm gonna say, C'mon fellas let's get Dixon. Then I'll upset you (like you and Nick did to me) and then I'll poke you with pencils (Chemistry) and then I'll grab all your values and valuables - Dussors Jewel and I'll kick them. (Debate room)

Next I'll sleep with you and wake you up in the middle of the night, uurga cold pail of water and finally I'll shake your hand, say gut it there old man and conclude that we are even.

Frank, you birds made your high school career a success. By golly you better do it in College Too. In conclusion I wish to say your personality plus will get you far.

Signing off.

A pal, [^]Dung Jensen

Dear Frank -
I came as a junior, I saw you,

Dear Frank,
Though we never seem to agree about anything you're all right, fellow.
I hope I will see you after graduation occasionally.
Best of luck, Frank, though you can do without it, and hold on to what you've got.
Sincerely,
Aunt Sophie

Dear Frank,
I've known you since you were 1 and I will miss you when you leave. I must say you're an impressive with your success and I know you will be continued. I love you.
11/11/22

Dear Frank,

The only reason you're able to get dates with Sue is because you have a car. You can't fool me. When better tennis stars are made this place will make them, maybe that accounts for you being on the tennis teams. We've had plenty of good times together; I hope we have many more. Good luck to a swell guy!

Phil

Frank - The first time I met you was when you were a tot in T.C. grade school.

Dear Frank

I don't know what would have happened to me at noon without your "fresh air" tape. Keep on and go to Harvard but don't get an accent.

Keep climbing
Don Front

You were flitting around here and there until we came together on the baseball diamonds. Remember the American Legion baseball league. It was not long before we met in high school. There is where I really came to know you both in classes and outside. Our summer tennis was a treat what with all the 'blind' shots and all. But those tennis matches on the tennis team were the highlight. You were always a swell fellow, Frank, so here's the best wishes in the world all for you.

Guy Flanagan, Jr.

Dear Frank,

I guess we've discovered every reason in the world to quarrel and have come out of it every time happier than we could ever have expected to.

All through high school we've meant one thing or another but this last year has been the best — due to your efforts!

Don't think I don't appreciate all that you've done for me — I do. It's been swell.

There's a lot more I could say but I think you know it all.

I hope from now on when you make your plans you'll include —

Sueon

Dear
Dope
ipon,

Hope you will be successful at Harvard! I don't break all the girl's hearts out there. Best wishes for success & happiness. I know you will be a success as long as the Farmer-Laborites are in office

Dear Frank
I'm sure glad one guy
has a car on the tennis team
and I hope you will keep on winning
tennis matches with your talk.

Dear Dion -
here's to a good
guy - I hope you
have good luck in
your burly tennis
and stuff + such.
Yours -
Chong Koenigsberg

Dear Frank,
Who do you think you are? anyhow?
Sometimes I really believe you are. Well,
in spite of a few unavoidable circumstances
we had a pretty good year in debate.
We certainly had a swell time didn't we?
I'll never forget that swell trip to the
cities and the night at the St. Francis.
Every time I think about those trips
I remember the little hamburger
joint. also Malgreens.

Well, Frank, you've proven yourself
a hard good sport and I don't think
anything can keep you from being
a success. I'll add my sincere
wishes, however.

Stan Brooks

Dear Dion:
I have enjoyed your
friendship during my past
years of high school. He had
a lot of fun together upon
the "99 venue". Remember
the "American Legion Baseball
team". I didn't make
a lot of fun. But we had
a lot of fun. I wish you
much success in the future.
Richard E. Wigley

Dear Frank
I'll always
think of you
as the subversive
debater.
Bob
Hoffenburger

Dear Frank,
Too bad you're a senior + the
good old High School has to lose such
a keen kid. You did help a little in
debate tho didn't you?
Here's hoping for some good times at
the lake this summer,
Love, Mary Lou

I don't
 I didn't we have fun going to
 Washington last summer. You with
 Charlotte and me with the albino
 blond and Matthew in the back
 seat alone. We sure went to town
 this year you in plays and debat
 me in sports. We sure let them
 know the West side was still
 on the map. We've had lots
 of fun together in the last
 3 years playing baseball, football
 etc. Believe me when I say you
 rank next to Stratton as the best
 friend I've ever had in my life.
 O. G. hit on the allstar football game this summer. Yours truly
 Bruce (Bluefoot)
 Morpheus

Dear Frank,
 I have enjoyed associating
 with you this year through our Orchestra.
 It isn't often one finds a soul who has
 such unusual talent on the bass viol
 & the drum. We had a lot of fun out of it
 and I hope we can continue playing together
 & prospering
 Here's success in your future
 years.

Your Friend

Dear Frank,
 It's nice meeting
 you success at college.
 Hoping it'll forward all
 success for the remainder of time.

 Pat

Dear Frank, (Chem. post)
 I don't know you
 very well but you're
 a keen guy with a top
 rate personality that will
 make a hit wherever you go.

Dear Frank:

Well we've had many good times together. Remember our trip to Minneapolis? We really found out how much we knew we didn't know. I hope one of us is lucky (you perhaps?)

You're a swell guy and you have done a lot for me. I hope our friendship will continue in the future no matter where we are.

Luck, Good fortune, and Success for you!

Travis

Dear Frank & Fellow debater

Our aspirations to a state championship kinda went with the wind, but we sure had plenty of fun working together. Arguments were many. I still stick with the negative. Good Luck Frank.

JP Gill

Dear (Fuzz) Dixon,

It seems as if the orchestra is not what it should be. Of course we can't expect to be as good as Car Rust. I have had more fun with you through school and I certainly hope it lasts.

Your pal,

Jimmy Hawczynski

Dear Frank,

Don't forget the fun we had in Social Science and Marge's English Class.

How you used to 'stork' in there.

Lots of luck

McKey Phelps

Dear Frank (original beginning)

If you never remember anything else,
Laddie, remember those two immortals,
"Fuz" Loretta and "Fiz" French. Don't

forget anymore cuz' I'm playin' on the side
I'll see you at the U. of M. wif you.

I'll never forget you, Frank and I
surely hope you won't me. For a guy
that goes steady, you've got the record

for well power. I can't, my

my feelings here but you
know how I feel about

you. "Faling to a
dam good bit

for you later--
